Each year, more and more motoring enthusiasts choose to shop from Carnoisseur and 1992 promises to be no different. The year makes an exciting start with the opening of a new franchise store in Ringwood, near Bournemouth, and is the first of many planned for prime locations throughout the UK and Northern Ireland.

As you would expect, we have new and innovative products featured in our 1992 brochure including in-car telephones, revolutionary in-car televisions, state-of-the-art security devices and the very latest in audio equipment.

When it comes to value and choice Carnoisseur is hard to beat. We offer over 5,000 car accessory items all reasonably priced. Buying is easy — just pick up the phone and call our 24 hour mail order service or why not pop into your Carnoisseur shop — contact our Head Office for details of your nearest store.

We look forward to hearing from you!

BUYING FROM THE SHOPS

We will be delighted to welcome you at our premises. If your visit is for a specific product please telephone to check availability. We look forward to seeing you.

BUYING BY MAIL ORDER

Everything you need to know about buying by mail order can be found on the special Order Form section at the back of this catalogue.

BUYING BY TELEPHONE

Credit card holders can telephone their orders direct by phoning **LUTON (0582) 471700** (24 hour answering service).

BUYING BY FAX

Credit card holders can simply complete the order form at the rear of the catalogue and fax through the details on **LUTON (0582) 608771** (24 hours).

THE WAYS TO PAY

1. Cheques (Please do not send cash through the post).
2. Postal Orders.
3. Credit Cards. We accept the following credit cards: Visa, Access, American Express and Diners Club.
4. Countdown Card holders welcome.

THE CATALOGUE PRICES

Please note that our prices **include** VAT @ 17½%. All prices in this catalogue are correct at the time of going to press and our priority is to negotiate with our suppliers to keep prices constant for as long as possible, however, price adjustments may inevitably have to be made and therefore we reserve the right to alter prices without prior notice.

CARNOISSEUR SERVICES

Customer Advisory Service: Enquiries and product information can be answered by telephone on **LUTON (0582) 471700.** Also a 24 hour answering service will accept your message any hour of the day or night and your enquiry will receive our prompt attention. Export enquiries are welcome. Please write for details and quotation.

TRADE DESCRIPTIONS

Every care has been taken to ensure description and specifications are correct at time of going to press. We must, however, reserve the right to alter prices and specification without notice as circumstances dictate. Although the colour printing in this catalogue is a good representation, slight variations must be expected. All products are offered subject to availability.

Please remember that we do not supply your name and address to any other company, so you will not receive unsolicited mail as a result of ordering from Carnoisseur.

JOIN THE CARNOISSEUR FRANCHISE TEAM

Everyone aspires to running their own business, but it could be your dreams that come true by owning a Carnoisseur Shop. Initiated by the unparalleled success of its first Bedfordshire store, established back in 1987, Carnoisseur is now undergoing a rapid expansion programme. The start of 1992 sees the opening of a new franchise outlet in Ringwood, near Bournemouth, and is the first of several planned for prime locations throughout the UK and Northern Ireland.

Selling car accessories may not be an original idea, but Carnoisseur's unique strength lies in its ability to offer an extensive range of product brands from both a well-merchandised shop and unique mail order catalogue. The product portfolio, which incorporates over 3,500 innovative items, is annually updated and new for this year are top leading in-car telephones, revolutionary television units and the very latest in security devices and audio equipment.

OUR ADVANTAGE

As an established business within the motor trade, the Carnoisseur franchise concept has far greater prospects than trying to 'go it alone'. With the help of a franchise support package, the unique retail shops are easy to operate, manage and promote.
The Carnoisseur package provides assistance in the following areas:

- **MARKETING**
  Marketing always plays an important role in the development of a business. To create maximum market potential, regional promotional activities will underpin the initial opening of your store whilst regular national advertising campaigns will support your business on an ongoing basis. Quality promotional material, which includes point of sale literature, brochures and the Carnoisseur catalogue, will also be supplied as part of the marketing package.
- **TRAINING**
  A comprehensive training programme is designed to cover all important areas vital to your success, and includes product, sales and management training.
- **PRODUCT SUPPLIES**
  Carnoisseur has already developed a strong alliance with the major suppliers within the motor trade. Hence, a fast supply of merchandise at highly competitive rates can be guaranteed for both you and your customers. We also keep abreast of new products and latest market developments in order to maintain our unprecedented range of car accessories.
- **SUPPORT CATALOGUE**
  The Carnoisseur Catalogue is a strong marketing tool for promoting both franchise operations and sale of accessories. Its circulation currently exceeds 120,000 copies.

FRANCHISE LOCATION

Carnoisseur are also able to assist you with the selection and location of your shop. Included in the selection process is an important feasibility study which addresses such key factors as store visibility; car and pedestrian traffic; car parking availability; population density and distance to potential residential areas.

DESIGN AND PLANNING

Once lease contracts and planning consents have been agreed, our interior designers will propose a full shopfitting specification and design layout, reflecting the corporate identity that has already proved to be so successful.

THE FRANCHISE PARTNERSHIP

Carnoisseur offers an opportunity for independence and profitability, but the ultimate success of any business is determined by the commitment of the owner – a commitment that *seeks triumph* and rewards personal accomplishment.

We are confident that Carnoisseur has taken as much of the risk out of business ownership as possible, and that our programme is complete and accurate. Being in a market place that is little affected by seasonal trends, we strongly believe that we offer a sound business opportunity with excellent profit potential.

From the signing of the franchise agreement we will provide ongoing support to help you achieve your goals. Once you are up and running, regular contact will be maintained through periodic meetings and regular visits to your shop.
We are always available to offer help and advice, since your success is naturally important to both you and the future growth of Carnoisseur.

THE FIRST STEP

We recommend you study our catalogue and visit a Carnoisseur Shop to gain a broad insight into our unique business operation. Several shops are being opened throughout 1992 and the Carnoisseur Head Office can tell you where to find your nearest outlet. If you like what you see and believe you have the enthusiasm and dedication to run a Carnoisseur Shop, please write to Neville Crow at Carnoisseur. We will then forward to you a full prospectus giving further details of the Carnoisseur franchise opportunity.

Fulda Y-2000

Fulda is the low-profile, high-performance tyre fitted as original equipment by many top German car manufacturers. Mercedez Benz, Audi, BMW and Volkswagen all fit Fulda to their exciting, high-performance models.
Fulda tyres reflect the very latest technology that Europe has to offer, with performance and durability proven over thousands of miles of demanding motoring conditions—ranging from twisting Alpine roads to high speed Autobahns.
If you're looking for performance fit Fulda fast!

...QUICK THINKING. Fulda

AVS
INTERMEDIATE

1 YOKOHAMA AVS. ADVANCED VEHICLE SYSTEM.

Yokohama invite you to experience a world where sport driving has been redefined, the world of Yokohama's Advanced Vehicle System — AVS. AVS was born between the circuit and the street, in a world where speeds beyond 300kph (186mph) are 'ordinary'. AVS tyres aren't just improved street tyres, they are racebred, professional-quality radials specifically designed to bring the performance of the circuit to the street. That's the AVS design philosophy.

A008
ULTRA-HIGH PERFORMANCE

2 YOKOHAMA A008. ULTRA-HIGH PERFORMANCE ROAD AND COMPETITION TYRE.

Many radials perform well, but not many can perform as long and hard as the A008. Its tough, steel belted radial construction provides powerful tread support for stable cornering and braking at high speeds. Full nylon belt covers prevent belt rise, and rigid bead fillers ensure crisper handling and lightening-quick steering response. The extraordinary performance radial.

A008P
ULTRA-HIGH PERFORMANCE

3 YOKOHAMA A008P. ULTRA-HIGH PERFORMANCE ROAD AND COMPETITION TYRE.

Most cars aren't powerful enough for it, but then only the owner of a high powered vehicle would insist on a tyre with the A008P's incredible capabilities. Yokohama developed the A008P on the racing circuit — to give you track smart response on the open road. Optimized for excellence, the A008P is Porsche approved for the 911 Carrera Turbo. The greater demands you make on your car, the more you'll appreciate the performance of the A008P.

A509
HIGH PERFORMANCE

4 YOKOHAMA A509. HIGH PERFORMANCE ROAD AND COMPETITION TYRE.

Race circuit proven to deliver the most advanced high performance radials. Realise your driving potential on Yokohama's A509. Superb high-speed stability, crisp steering response and cornering power designed from the circuit. Redefined for the street. A series cultivated for the driving experience.

See opposite page for prices and sizes.

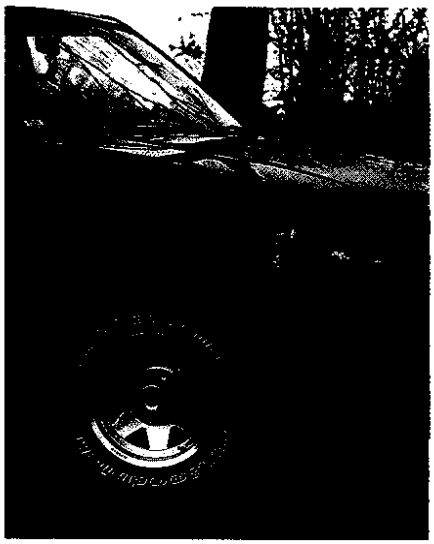
Note speed ratings: HR = Up to 130mph. VR = Up to 150mph. ZR = Over 150mph.

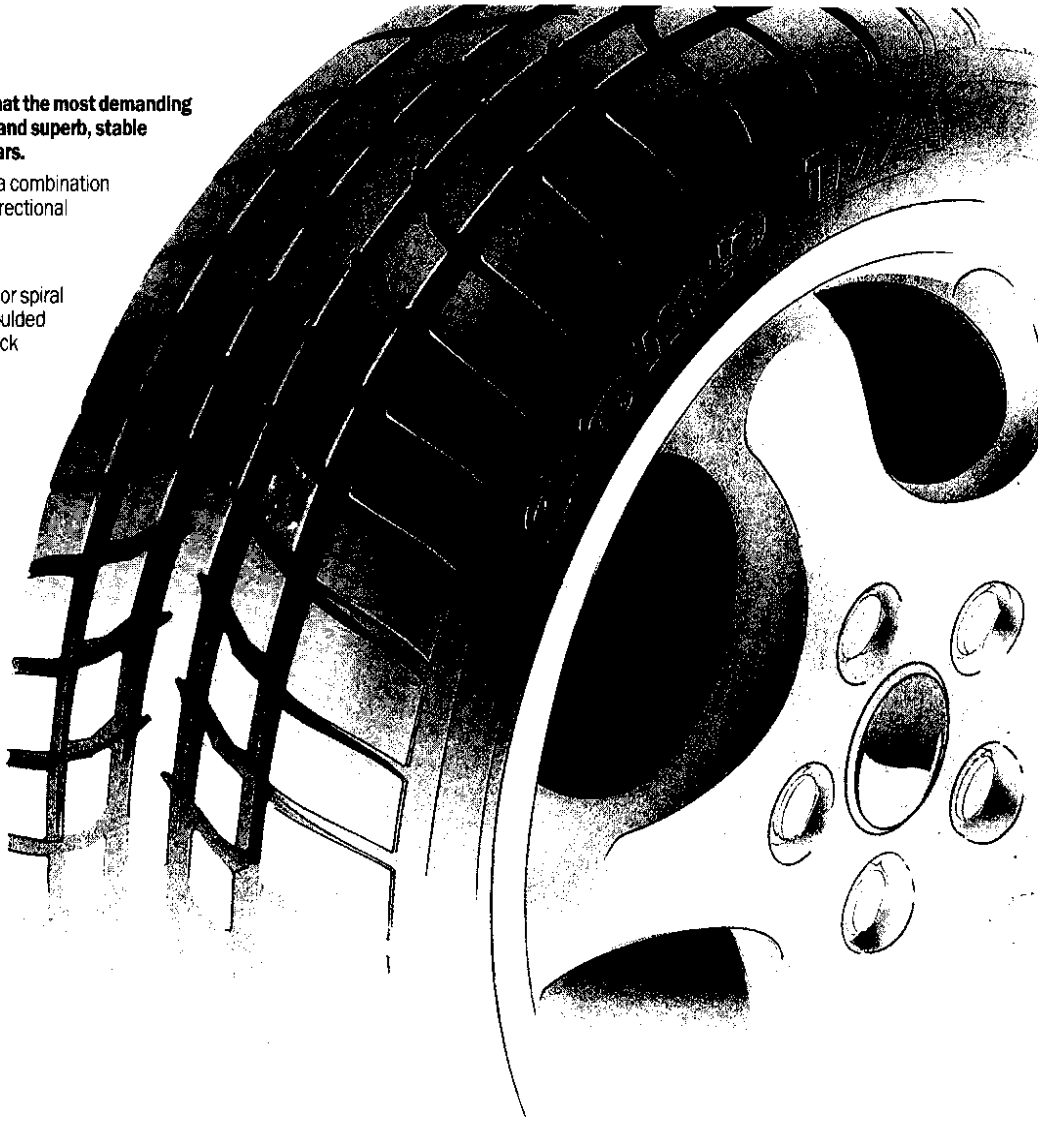
1 COMP T/A® (ZR)

The ultimate Z-speed rated tyre. Designed to deliver what the most demanding driver looks for, excellent wet traction with a quiet ride and superb, stable handling. The choice tyre for the world's finest sports cars.

- Superior traction in both wet and dry conditions from a combination of newly developed computer optimized profile and directional tread design.
- Computer aided rib phasing for unequalled quiet ride.
- Rayon carcass plies with 2 steel belts, nylon cap plies or spiral wound nylon overlay (selected sizes), segmentally moulded to deliver excellent stability at any speed and ultra-quick steering response.
- Z-speed rated for sustained travel over 240 km/h (149 mph).

BFGoodrich
4 × 4 tyres also available. Please enquire for fitments and prices.





2 3 4 COMP T/A® (VR4)/COMP T/A® (HR4)

A superb choice for today's high performance luxury vehicles. Compounded to offer excellent wet handling and traction with a gripping curvilinear tread design, it delivers unequalled tread life in a silent running tyre.

- Advanced compounding offers excellent wet and dry handling, plus excellent tread life.
- Limited V-speed rated for continuous use up to 240 km/h (149 mph) or H-speed rated for continuous use up to 210 km/h (130 mph): from interaction of carcass, tread and belt system.
- Polyester carcass plies with steel belts and nylon cap plies.
- Quick steering response from combination of hard rubber bead filler, two steel belts and tread design.
- Improved traction on wet and slippery surfaces – branded M&S for mud and snow.

ACCU TIRE

ELECTRONIC TYRE PRESSURE GAUGE IMPROVES YOUR DRIVING

- Better Tyre Wear!
- Better Fuel Economy!
- Better Performance and Handling!
- Safer Driving!

ACCU TIRE FEATURES:

- 0-150 pis
- Audible 'beep' measurement
- Touch button operation
- Durable, high impact ABS design
- Factory sealed reliability
- Large, easy to read display

Liftime Lithium Battery Installed

Accu Tire is easy to use:

1. Place the nozzle onto the valve.
2. Press the ON button and wait for the beeps to sound.
3. Remove from the valve and see an accurate display of the pressure.

SPECIFICATIONS:-

Range: 0-150 psi.
Accuracy: ± 1%
Display: ¼" L.C.D. (6mm)
Power: 3V Lithium Battery – Installed
Temperature Range: 0 to 100°F (−18° to 37°C)
Size: Actual size shown on page

141 1007 OUR PRICE **£15.95**

REPLACEMENT METAL TYRE VALVES:-

The finishing touch for your alloy wheels. Easily fitted when replacing wheels or tyres. Universal fitment.

KONI ADJUSTABLE DAMPERS

Koni quality is already a legend which is backed up by a two year unlimited mileage warranty. This is an indication of the research, materials and expertise that goes into their production process. Not only are they the best performance dampers in the world, they also have the largest range. If your car is not listed below please call for application and prices. All Koni dampers are fully adjustable and where indicated by * are also top adjustable (front) and ** (front and rear)

KONI SPORT SUSPENSION KITS

Koni Suspension Kits have been especially developed for the sporting driver for fast acceleration, effective braking, for positive steering at high speeds and with extreme driving conditions to really get the most out of your car. The suspension kits are complete sets consisting of Koni Sports Shock Absorbers for both front and rear axle with progressive lowered springs and all the necessary parts for attachment.

The lowered coils (lowered by approx 25mm) gives you that sporting appearance and handling.

THE SUSPENSION SPECIALIST

GAS SHOCK ABSORBERS

- Gas shocks ensure drive comfort at low speeds – the valves reacting to the slightest axle or wheel movement.
- Gas shocks are virtually silent when operating.
- Gas shocks ensure greater safety through improved damping power, even at high speeds, and because of the gas the oil does not foam, thus eliminating air bubbles which normally decrease performance of ordinary shock absorbers.
- Listed are examples of gas shock absorbers currently available. Please enquire if your vehicle is not listed.

SACHS SPORTING SETS

Many of the advantages available to the professionals on race and rally events through the use of SACHS Sporting Shocks can also be gained in normal road use – the suspension of your car can be uprated by using the SACHS SPORTING SET.

The suspension kits are complete sets consisting of Sachs Gas Shock Absorbers or inserts, with progressive lowered springs and all the necessary parts for fitting.

BILSTEIN

1 BILSTEIN SHOCK ABSORBERS

Fit Bilstein Gas Pressure absorbers and driving becomes a totally new experience. Why?

Because Bilsteins produce a damping accuracy that gives a guarantee of outstanding roadholding, even under the most arduous conditions.

Bilsteins are used by most car manufacturers' official race and rally teams which proves durability.

Because 30% of manufacturing costs are spent on quality control, you're ensured of a longer lasting product. Little wonder that Bilsteins are specified for original equipment on most of the top models from Porsche, BMW, Mercedes, Opel, Ford.

2 BILSTEIN SPORTKIT

The name Bilstein is synonymous with sporting character and unbeatable roadholding. Bilstein suspension kits are designed to give maximum performance whilst maintaining a safe reduction in ride height. The sports kit contains specially tuned shock absorbers matched to the reduced height of the springs and where necessary include modified rubber bushes for the axle mountings.

HBE HANDLING IMPROVEMENT PACKAGES

Specifically designed suspension kits including springs and anti-roll bars for Rolls-Royce, Bentley and Range Rover.

These unique systems greatly improve the handling of the vehicles whilst still retaining and even improving the comfort for both drivers and passengers. Please enquire for further details.

146 1749 HBE Kit for Discovery and Range Rover £498.00

146 1750 HBE Kit for Rolls-Royce and Bentley including Shadow, Spirit, Turbo R etc. £1388.00

EIBACH

3 EIBACH SPRINGS

Eibach have built an enviable reputation for supplying very high quality springs to many of the world's leading motorsport teams.

We offer Eibach 'Pro Kits' – progressive rate lowered springs for road use. See table for applications and prices.

4 EIBACH ANTI-ROLL BAR KITS

It is common knowledge that the road-holding characteristics of a car are governed by three main suspension components: – the springs, anti-roll bars and shock absorbers.

The springs support the weight of the vehicle and affect roll resistance and pitch, the anti-roll bars improve transient response and help reduce body roll, and the shock absorbers primarily dampen the unwanted spring oscillations. In addition, the anti-roll bars can greatly affect the understeer and oversteer characteristics of a car. This is why Eibach anti-roll kits are precisely designed to the car's suspension.

The anti-roll bar kits are designed to complement Eibach Pro-Kits (lowering springs with a progressive rate). The performance conscious driver can create a high performance suspension by installing these matched components, resulting in increased road-holding and improved handling.

Eibach anti-roll kits can be used when lowering of a vehicle is not desired. Installation of these anti-roll bars with stock suspension components will improve transient response and reduce body roll proportionately.

All kits contain the necessary hardware to install the anti-roll kits with simple hand tools.

KC DAYLIGHTERS

Incredible power. Incredible value. The KC Daylighter range offers lamps of unparalleled power. This 150 watt light generates a massive 350,000 candlepower with a useful reflective range approaching 4 miles. KC's are available with either the traditional housing and patented vibration resistant mounting or in Budget format which employs a more basic construction in chrome finish only. Both models use identical Westinghouse optical units.

Because KC lamps were designed to use in competition they are ideal for high speed night driving anywhere. With an overall diameter of 6.25 ins, and a depth of 5 ins, the lamps are compact, which allows them to be mounted easily on most vehicles. Daylighters come complete with yellow covers which are also available separately. 150w lamps are completely legal for use on U.K. public roads but, as with any auxiliary lights, they must be wired and mounted in accordance with the law.

1 Daylighter 150w Chrome **149 1009** (each)	**£45.50**
2 Daylighter 150w Black **149 1010** (each)	**£41.50**
Budget 150W Chrome **149 1011** (each)	**£33.50**
Smiley Face Covers, Yellow **150 1012** (pair)	**£9.95**
"Too Cool" Covers, Yellow, Green, Blue or Pink **150 1013** (pair)	**£12.95**
KC Replacement Covers, Yellow **150 1014** (pair)	**£9.95**
KC 150W Sealed Beam Unit **150 1015** (each)	**£19.50**

3 KC SPEAKER LITE

High Fidelity Coaxial Speaker for Outdoor Sound Quality and Resistance to Environmental Conditions.

Looks like a light. Performs like a stereo speaker. That's the Speaker Lite from KC HiLiTES. A premium quality, high fidelity outdoor speaker with a 100-watt peak/80-watt continuous power capacity and 70 to 20,000 Hz frequency response, mounted in a genuine KC Daylighter chrome housing. The hottest new accessory to make your truck or car come alive with sound. *Hearing is Believing.*

Complete with protective cover.

150 1016 (each)	OUR PRICE **£34.50**
150 1017 Fitting kit for 2 Speakers	**£5.95**

LUCAS

LUCAS LIGHTS

1 20-20 SERIES LIGHTS

The Lucas 20-20 Driving Lamps incorporate a revolutionary rustless homofocal reflector giving brilliant central intensity as well as extra light at wider angles.

The 20-20 Fog Lamp also features the homofocal reflector, this time in a form that produces a wide, flat and extremely powerful beam.

Specially treated glass lens to maintain accurate light distribution at all temperatures.

Fog *55W* (each)
149 2113 OUR PRICE **£49.00**

Drive *55W* (each)
149 2114 OUR PRICE **£49.00**

Wide Angle *100W* (each)
149 2117 OUR PRICE **£49.00**

2 DX-150 SERIES LIGHTS

The DX150 is a lamp specially designed to outshine all other lamps in its class. Combining the power of an H3 Quartz Halogen bulb with the precision of a steel reflector, it provides extra penetration and improves vision, even in the worst weather conditions.

For easy fitment the 150 series has a narrow profiled steel body with an offset mounting bracket. This allows secure fixing in the most confined areas.

Fog *55W* (pair)
149 2118 OUR PRICE **£29.95**

Drive *55W* (pair)
149 2119 OUR PRICE **£29.95**

3 DX-95 SERIES LIGHTS

Using advanced design technology adapted to a rectangular shaped reflector has created the DX-95 fog and driving lamps. Made from DMC, the reflector is so advanced it even out-performs most other manufacturers' round lamps, giving ideal beam spread and excellent penetration in the most adverse conditions. The lamps are styled for fitting above or below the bumper and give a vehicle a sporting appearance. They are available in twin packs, with bulbs fitted, protective covers, and fitting instructions. A comprehensive fitting kit is also supplied.

Drive (upright) *55W* (pair)
149 2120 OUR PRICE **£69.00**

Drive (pendant) *55W* (pair)
149 2121 OUR PRICE **£69.00**

Fog (pendant) *55W* (pair)
149 2122 OUR PRICE **£69.00**

4 DX-80 SERIES LIGHTS

Utilising the latest in design technology Lucas have produced a valuable addition to complement their accessory lighting range – 'FX/DX-80' fog and driving lamps.

The lamps are specially designed for today's market, eye-catching but compact, they add a professional finish to any vehicle – at a price you can afford. The light units have been engineered so that they may be easily turned within the body shell to facilitate upright or pendant mounting to suit your requirement. FX/DX-80's are available packed as pairs with powerful H3 Quartz Halogen bulbs, stylish red, white and blue protective covers and comprehensive fitting instructions.

Drive *55W* (pair)
149 2123 OUR PRICE **£39.95**

Fog *55W* (pair)
149 2124 OUR PRICE **£39.95**

5 DX-65 SERIES LIGHTS

The DX-65 is a stylish, compact and economically priced range of fog and driving lamps which have been designed specially for easy fixing to today's vehicles.

The light units can be turned within the body shell which allows fixing above or below the bumper. Despite their size, they efficiently direct the output of a H3 Quartz Halogen bulb with powerful results. Each kit comes complete with bulbs, comprehensive fitting instructions and Lucas lamp covers.

Fog *55W* (pair)
149 2125 OUR PRICE **£34.95**

Drive *55W* (pair)
149 2126 OUR PRICE **£34.95**

PIAA

PIAA PROFESSIONAL HALOGEN LAMP SYSTEM

Intense brightness, like the intense need to win, has just been realized! In the competition of speed and guts, and where momentary judgement influences the game, lamp brightness becomes an indispensable factor. Like the rally drivers who challenge the limits of their bodies and machines, PIAA's technical staff has taken their research to the maximum potential in developing the strongest, brightest halogen lamp system in the world. Today, the performances of the PIAA Rally Professional, H_4 Halogen Bulb, and Switch Relay Harness are being demonstrated on racetracks worldwide! Amazingly bright, and featuring a durability that leaves a lasting impression on the world's most skeptical top drivers, the PIAA Halogen Bulb is built to withstand even the widest ranges of temperature variations. By combining the efforts and experience of professional drivers and PIAA engineers, the PIAA Halogen Bulb is available today for a variety of automobiles and conditions.

All PIAA lamps come complete with PIAA protective covers.

1 PIAA 70 SERIES

The largest reflector available with a prism cut optical glass lens and a high power 130 watt H-3 bulb combines to make the 70 series the brightest street lamp available.

DIMENSION	HEIGHT = 147mm (5¾")
	WIDTH = 245mm (9⅝")
	DEPTH = 131mm (5⅛")

70 Series Fog Lamp Kit (pair)
149 2097 OUR PRICE **£160.00**

ANSA marmitte

ANSA ·
THE ITALIAN STYLE OF PERFORMANCE

Unleash the hidden performance of your car's engine with ANSA... the higher performance exhaust system. Engineered to maximise torque and power. Designed to provide remarkable bolt-on performance, faster acceleration, great looks and the unmistakable ANSA sound of power.

Installing an ANSA Free Flow exhaust system will most likely give you the best performance increase for the smallest investment.

ANSA are original equipment suppliers of exhausts to all the great Italian Marques and it is this experience that they have brought to bear on the sports systems listed to give power improvements of up to 14% plus.

Recent independent tests by magazines in the U.K. of the Golf, Fiesta, Uno Turbo etc. have all borne out the claims made and tested by ANSA themselves.

Quality is maintained by using only the best aluminised steel 16-18 gauge. Computerised design methods ensure a trouble free fit. 18 month guarantee.

ANSA BACK BOXES

Designed to be compatible with standard exhaust systems.

1 2

ANSA DRIVEABILITY!

This graph shows a typical result of fitting an ANSA performance exhaust system. The maximum percentage gain in performance is in the mid range of r.p.m. to give better acceleration and torque when you need it on the road.

JETEX

JETEX EXHAUST SYSTEMS

TECHNOLOGY, QUALITY, PERFORMANCE, WITH A SOUND THAT CALLS THE TUNE

With an eye on the 1990's Jetex have introduced a range of performance exhausts which meet the EEC type approvals. Designs include an engineered front pipe to increase torque in the low and mid-range (no need to change the manifold) and for cars with catalyst converters Jetex have suitable exhausts available.

Jetex Exhaust Systems are manufactured in Sweden. Production takes place in a new purpose built factory.

With Jetex Exhaust Systems the engineers have concentrated on solving a number of technical problems. A thorough programme of testing performance, fuel economy, noise and exhaust levels as well as back pressure to name a few have provided answers which give advantages in all of these areas combined with durability and purpose designed packaging.

GENERAL

Two basic methods can be used to dampen exhaust noise – absorption damping and reflection damping. The reflection method is cheaper as a rule, and technically easier to construct, but it has side effects, among them high back pressure which reduces power output and frequently increases fuel consumption.

Absorption damping, however, while being technically more complicated to manufacture, has the advantage that the exhaust gases are removed efficiently so that neither performance nor fuel consumption are affected. Jetex Systems are of the absorption type.

PERFORMANCE

Performance testing is carried out using computerised chassis dynamometers thus enabling different theories to be examined before deciding on the final design. Other important factors taken into consideration are back pressure, carbon monoxide levels, inlet manifold temperature and fuel consumption.

NOISE LEVELS

It is a common misconception that sport systems automatically mean more noise. With Jetex designs the noise levels are always below the legal maximum, and comply with the officially approved noise levels for motor vehicles.

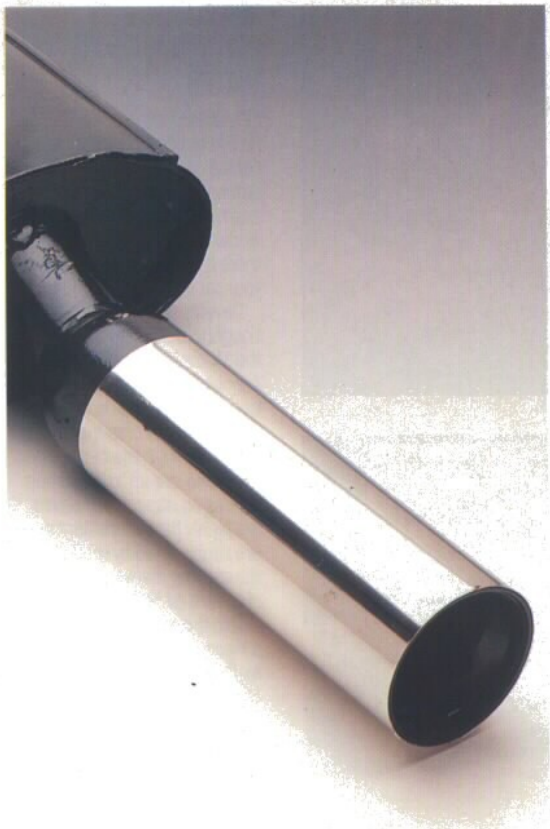
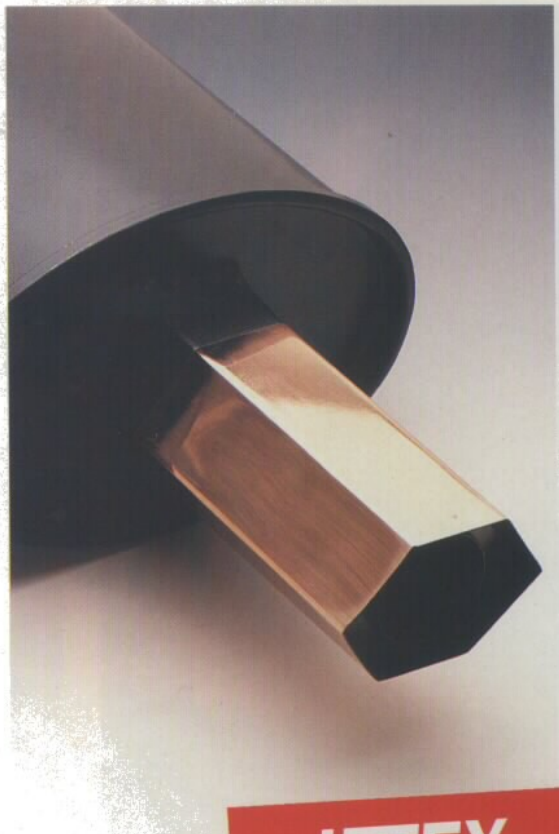
jetex®

JETEX SYSTEMS AT A GLANCE:

- Swedish high quality steel.
- Reduction in back pressure up to 82% for some applications.
- Professional design.
- Pleasant exhaust note.
- Improved output compared with standard systems.
- Easy to assemble.
- Complete systems (unless original front pipe is indicated) with fitting kits.
- 12 months guarantee.
- Every Jetex system is boxed.





JETEX BACK BOXES

For good looks, good sound and reduced back pressure JETEX Back Boxes are available to fit original exhaust parts.

Each silencer box is available with a unique brushed copper tailpipe from which emits a sporty sound or an optional oval tailpipe of the same quality. Aluminized steel is used in construction and the range is type approved in accordance with EEC standards with respect to noise level and back pressure.

PIPERCROSS HIGH PERFORMANCE AIR FILTERS

Pipercross High Performance Air Filters have long been the choice of winning race teams across the world, from formula 1 to top rally names, Le Mans to works saloon car teams. Now there is a Pipercross filter to put your car in a class of its own.

Developed in association with Loughborough University and the Motor Industry Research Association, these specially-treated filters give up to 10% more power by creating a better airflow through the carburettor. They also last up to four times as long as paper alternatives, are highly flame retardant and are simply fitted by replacing the existing element in the standard air filter housing.

Join the winners by choosing a Pipercross direct replacement air filter for your car – ordinary filters seem flat in comparison.

2 PL200 AIRSTREAM

Competition/Performance Air Filters.

- 40mm high element, finished in red as shown.
- Ultra efficient chromed air filter.
- Unique 3 layer construction, as used in international competition by Ford, General Motors, Jaguar, Toyota and many more.

Unrestricted airflow even in the worst conditions combined with the highest level of filtration. The vast dirt holding capacity ensures the filter flows efficiently up to three times longer than paper or other filter media.

Please state make and model of carburettor when ordering. This information can usually be found on the carburettor itself or in the vehicle handbook.

KENT CAMS

KENT CAMS

THE NAME IN PERFORMANCE CAMSHAFTS

Camshaft replacement is one of the easiest and most cost efficient ways of boosting an engine's performance, but it is also one of those jobs which many people feel is beyond the scope of their capabilities. However, thanks to Kent Cams, the hard work is taken out of cam replacement by way of the introduction of their new Complete Performance Cam Kits.

Available for the majority of popular engines, the kits contain a performance cam, cam followers, valve springs, free cam lube, free timing protractor and comprehensive installation instructions. On certain engines, extra components will be needed to successfully fit the new cam (for example, a spray pipe and ball stud adjuster on Pinto motors), and where necessary these are included in the kit.

Kent Cams have been active in the field of motorsport for many years, and their accumulated experience has led them to produce a well designed and well matched performance cam kit.

2 BOSCH PLATINUM SPARK PLUGS

The Bosch Platinum centre electrode of 99.9% pure platinum, combined with a new manufacturing process of sintering the electrode into the insulator, means:
Maintenance free – after being 'gapped' and installed, checking and regapping becomes obsolete.
Maximum fuel economy – Bosch Platinum reaches working temperature quicker.
Improved starting – because the insulator nose is taken further into the engine.
Greater flexibility – to combat misfiring in slow moving traffic.
Improved exhaust emissions – for a healthier environment.
Available for all cars. Please state make, model and year of car when ordering.

177 2622 (each) OUR PRICE **£2.95**

2

3 LUCAS PLUG LEADS – HIGH PERFORMANCE IGNITION LEADS

- Leads remain flexible at all temperatures from –50°C to 260°C.
- Will not harden or crack or deteriorate to admit moisture and cause misfires.
- Resists petrol, oil and acid spillage.
- Fully interference suppressed.

Sets come complete, including the lead to the coil, and ready to fit your car.

MINI WHEEL ARCH EXTENSIONS – MINI ONLY

19 ANODISED ALUMINIUM ARCHES – MINI ONLY
These wheel arch extensions are made from high quality Anodised Aluminium Alloy and may be fitted in a few minutes with the self-tapping screws provided.

(set of 4)
198 1541 OUR PRICE **£19.95**

20 MATT BLACK STYRENE ARCHES – MINI ONLY
These wheel arch extensions are made from high impact Matt Black Styrene, and are designed to enhance the body outline. Easily fitted with the self-tapping screws provided.

(set of 4)
198 1542 OUR PRICE **£16.95**

30 DIRECTION INDICATOR BLEEPER
Super all-electronic unit 'bleeps' whenever the car's indicators flash, thus eliminating the possibility of forgetting to cancel them. There are only three wires to connect. A brilliant safety product.

200 1556 OUR PRICE **£5.95**

31 BRAKE LIGHT MONITOR
Gives immediate warning of brake light bulb failure. With both brake lights in good working order, the Monitor displays a single green light, but if a brake light bulb fails, the Monitor shows two bright red lights to warn the driver. Works automatically every time the brake pedal is pressed – does not affect normal operation. Uses 'ever-lasting' L.E.D. lights – no bulbs to replace. This unique safety device is connected by means of three wires, and suits all 12 volt vehicles having one brake light on each side. Complete with connectors.

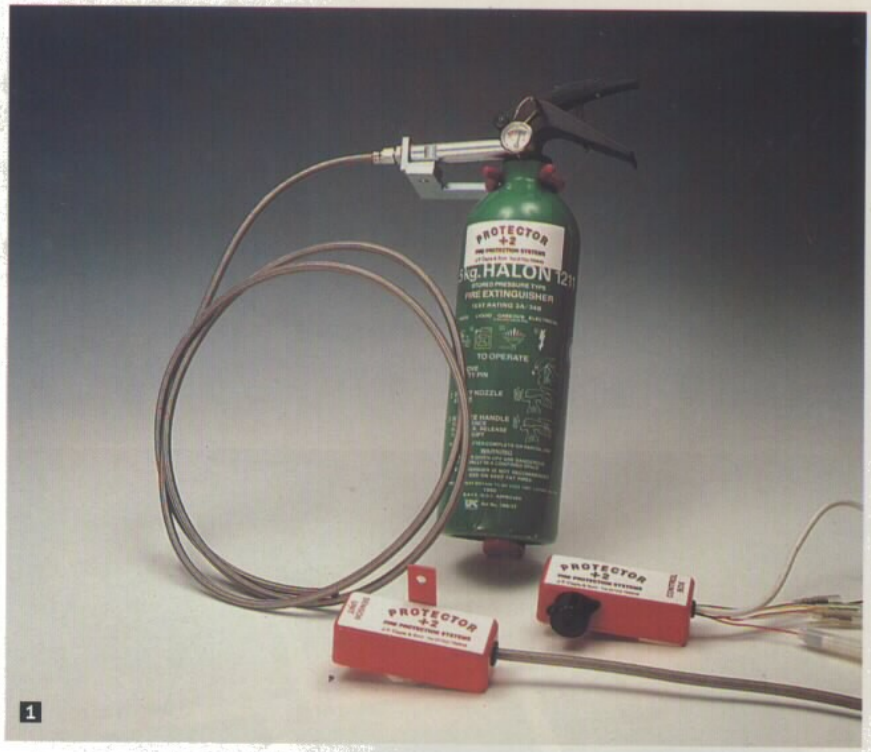
200 1557 OUR PRICE **£5.95**

32 SENTRY IMITATION ALARM
Simply plugs into vehicle's cigarette lighter. Adjustable tilt action. Simple to fix, no drilling required. Autoflash discourages would-be thieves.

191 1558 OUR PRICE **£7.95**

COSMIC

PROTECTOR+2



1 PROTECTOR +2. FIRE PROTECTION SYSTEM
This in-car fire safety system consists of a sensor unit situated in the engine compartment, fixed to the air filter and set to 100°C.

The sensor is linked to a control unit under the dashboard via push in connectors. From the control unit a green L.E.D. light fixes to the dashboard (0.25 inch hole).

Once the sensor has been activated by fire, the green L.E.D. changes to a red flashing light, with an audio sounder (80db).

On seeing the flashing L.E.D. the driver stops the car, presses on the extinguisher, then vacates the car. Once pressed the system is automatic.

As many sensors can be added as one wishes, one sensor with complete system.

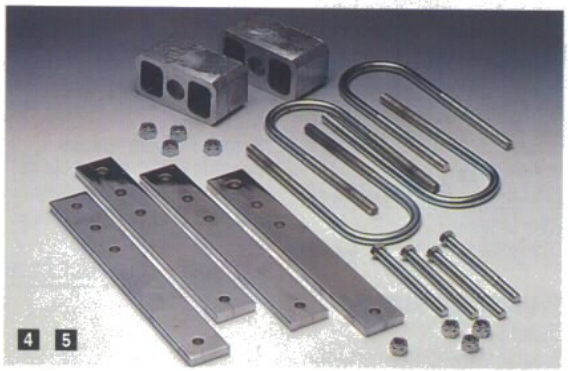
The control unit is activated when the live feed is connected to the number one fuse, or direct to the battery.

This means that the sensor unit is monitoring the engine compartment at all times.

Should a fire break in some other part of the car, the extinguisher can be removed from a quick release bracket, and used as a handheld extinguisher.

Comprehensive fitting instructions and a 12 month guarantee are provided.

202 1225 OUR PRICE **£98.00**



2 GRAYSTON COIL SPRING CLAMPS
A metal clamp designed to fit between the coil spring to stop compression to increase length of coil, or can be used in the opposite way to reduce the length of coil to lower vehicle.

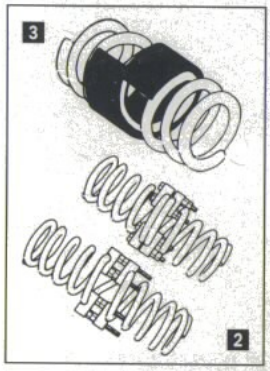
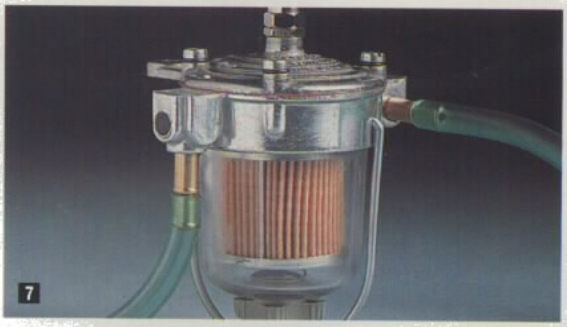
7 FILTER KING
The well known fuel saver from Malpassi. Tests and trials as well as many satisfied customers claim savings of 10%-15%. The Filter King regulates the pressure of fuel delivered by the car's petrol pump to help maintain a steadier float level in the carburettor thus preventing expensive fuel surges and flooding. Its effective filter acts as an extra benefit to trap any dirt or water which may contaminate the petrol supply.





The Filter King is fitted as standard by Alfa Romeo and Maserati.

Hundreds of thousands sold worldwide already. The relentless increase in the cost of motoring means that any aid to fuel economy must be considered an essential fitment. Not suitable for cars with fuel injection.

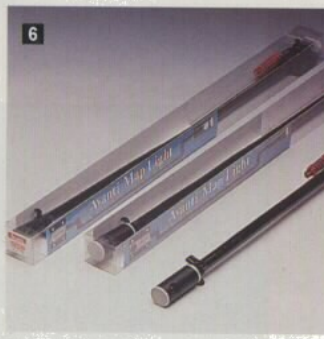
9 AUTOMEC SILICONE DOT 5 BRAKE & CLUTCH FLUID

THE ULTIMATE IN BRAKE FLUID TECHNOLOGY
Developed and tested rigorously over many years. Automec's Silicone Brake Fluid complies fully with FMVSS 116, ISO 4925 and the latest D.O.T.5 specifications.



UNIQUE PROPERTIES
Non Hygroscopic: unlike conventional fluids (which ideally should be changed each year) Automec's Silicone Brake Fluid does not attract or absorb water vapour. This eliminates brake component corrosion and loss of braking efficiency through vapour lock.

Non Corrosive: does not harm paintwork nor does it have any harmful or corrosive effect on rubber seals, plastics or metals in the braking system.

Complete with tie on tag which can be secured to fluid reservoir to guard against the accidental topping up with the wrong fluid.

ZEMCO EURO 500

A HIGHLY SOPHISTICATED, STATE-OF-THE-ART ALARM

Extensive research followed by dicussions with police authorities and insurance companies has concluded that only 'passive' alarms give guaranteed protection.

A **'passive' alarm** is one which is armed without the driver doing anything other than normal when leaving the car. All Zemco alarms are armed 'passively' and offer exceptional vehicle protection. They are manufactured to the highest quality and are guaranteed against defective parts and materials for 12 months from the date of purchase. Several international motor manufacturers have selected Zemco alarms as approved security systems for their vehicles.

The **Zemco Euro 500** is a comprehensive vehicle alarm with an impressive list of standard features, many of which would normally be associated with optional, extra cost features. It is a **'passive'** earth sensing system which can be overridden by a remote control to give **'active'** operation. The Euro 500 includes a **rechargeable battery pack** which ensures that the alarm will sound even if the car's battery is disconnected. If the alarm is triggered an **integral siren** sounds at 123 decibels and the **hazard flashers** operate. A **fused output** for an **additional siren** is standard. A dashboard mounted **status monitor** with LEDs indicates the state of the system both audibly and visibly, and also allows the alarm to be switched off, by the driver, for valeting or servicing. An **exit delay** allows time for collecting items from the boot or the back seat before arming the system 20 seconds after the last door is closed. Additionally, the interior light of the car remains on for about 12 seconds after the last door is closed. When the alarm is armed it gives, optionally, a short 'beep' and the hazard lights flash once. An **adjustable entry delay** allows time for the driver to switch on the ignition before the alarm sounds. The status monitor flashes and 'beeps' progressively faster to warn the driver of the imminent sounding of the alarm. An **adjustable impact sensor** triggers the alarm if the car is jarred. This can be switched off at the status monitor, by the driver, if the car is to be subjected to excessive vibration, such as on a ferry. The remainder of the alarm system still operates normally. Accessories, either inside or outside the car, can be secured with the **accessory protection loop.**

The D.T.I. approved **radio remote control** system incorporated into the Euro 500 allows the alarm to be armed or disarmed from a distance of up to 60 feet using a neat keyring transmitter (two supplied). When the system has been 'actively' armed with the remote control, any intrusion sounds the alarm immediately and activates the **starter inhibit** to prevent the car being started. This can only be de-activated by operating the transmitter to disarm the system. Using the remote control transmitter to disarm the alarm system also switches on the interior lights of the car. This is particularly helpful on a dark night in an unlit car park. Pressing down on the transmitter button for 4 seconds operates the **panic mode** and triggers the alarm – an effective deterrent against suspicious loiterers or to prevent personal attack.

EURO 500 including Remote **208 1532**	**£199.00** FITTED

TOTAL PROTECTION BY THE PROFESSIONALS – NATIONWIDE

Zemco offer the ultimate protection, thanks to a nationwide team of professional engineers, trained to install the most suitable security system in your vehicle – at home, your office or, wherever and whenever your car can conveniently be available.

Not only do Zemco provide professional and reliable installation, but also a fast and efficient after-sales service. Should you have any difficulty you can be sure that an engineer will be available to help and advise without delay. The service is available throughout the United Kingdom.

ZEMCO

ZEMCO AUTO ALARMS

Zemco Auto Alarms all feature a unique integral design whereby the siren unit houses the microprocessor, the shock sensor, a battery back-up and a 115-123 decibel horn. They offer the ultimate in protection and have been selected by a number of car manufacturers as the 'state of the art'.

WHAT TYPE OF ALARMS OFFER THE BEST PROTECTION?

There are many types of alarm on the market – some very cheap, others extremely expensive. They range from simple ignition cut-off switches to sophisticated ultrasonic and infra-red devices.

Generally an alarm will arm passively or manually. Passive arming means that the driver does nothing different to normal for the alarm to arm – it arms automatically. Manual arming means the driver must take some action, like turning another key, flicking a switch or pressing a button, for the alarm to arm. Driving habits are not easily changed and passive armed systems are much to be preferred. All Zemco alarms offer passive arming as standard.

Alarms are generally either current sensing or earth sensing. A current sensing alarm depends upon the car's interior light operating for the system to sound. If the light does not illuminate, for any reason, the alarm will not sound. An earth sensing alarm detects the earth which is put to the interior light when a door is opened so the state of the interior light, whether on or off, is immaterial, the alarm will still sound.

All Zemco alarms are earth sensing.

ZEMCO ALARMS

The alarms are passive, so you don't even have to remember to switch them on. When the ignition is turned off, the system is fully armed. All Zemco Alarms have a battery back-up system. So , even if a thief succeeds in cutting the car's battery cable, the alarm will sound loud and clear. DESIGNED FOR EASY INSTALLATION.

2

ALARMS

1 SA420

- Battery back-up (batteries included).
- Passive system is automatically armed with ignition key.
- Shock sensor detects towing or jacking.
- All doors protected.
- Adjustable length contact switches for boot and bonnet.
- Test LED checks installation and operation.
- Disable/Valet Switch deactivates alarm (only when ignition is 'ON').
- Retriggerable exit delay resets when boot, bonnet, or doors are opened during the exit delay.
- Entry delay adjustable from 0 to 30 seconds.
- Automatic reset rearms alarm after it has sounded.
- 115 dB siren.

207 1570 OUR PRICE **£39.95**

2 SA430 ALARM

Features:

- Battery back-up (batteries included).
- Passive system is automatically armed with ignition.
- Shock sensor detects towing or jacking.
- All doors protected.
- Adjustable length contact switches for boot and bonnet.
- Retriggerable exit delay resets when boot, bonnet, or doors are opened during the exit delay.
- Entry delay adjustable from 0 to 30 seconds.
- Automatic reset rearms alarm after it has sounded.
- 115 dB siren.

Special features:

- Status Monitor shows exit, entry, intrude and has a disable switch which is only effected when the ignition is 'ON'.
- Smart exit waits for last door to close before starting delay.
- Chirptone when alarm arms.
- Warning tone when entry delay begins.
- Auxiliary output for flashing hazard lights.
- Accessory loop protects ski racks, etc.

207 1571 OUR PRICE **£89.95**

STOPLOCK

1 STEERING IMMOBILIZER

STOPLOCK 2 is a highly effective and simple alternative to expensive and complicated electronic alarms. It locks onto and through the steering wheel and makes the vehicle impossible to drive away. Because it requires no specialist installation it can be transferred from vehicle to vehicle, yet the high security lock with 10,000 combinations is extremely difficult to foil.

Designed to be highly visible from outside the vehicle to deter thieves, it is quick and easy to fit, even when sitting in the driving seat. Two keys are supplied, and replacement keys are available by post.

STOPLOCK is made from hardened steel with a soft outer covering to prevent marking the vehicle's interior.

206 2931 STOPLOCK 2
OUR PRICE **£29.95**

Stoplock 3. Now available. Suitable for 4WD and Light Commercial Vehicles.

206 2932 OUR PRICE **£32.95**

2 WHEEL CLAMP

The WHEEL CLAMP is considered by Crime Prevention Forces to be an extremely effective deterrent against the would-be car thief.

Its strong construction and purposeful design indicates a security clamp that is man enough for the job.

The WHEEL CLAMP is so easy to install with its easy push button locking and the additional bonus of wheel nut protection.

It is finished in an attention grabbing yellow polyester powder coating and can be returned to the flat pack box for easy storage when not in use.

206 2933 OUR PRICE **£65.00**

3 GEAR BRAKE

Fully adjustable it fits most vehicles, simply locking the handbrake and Manual or Automatic gear shift together. Easily installed and removed with the benefit of push button locking. All steel construction.

206 2934 OUR PRICE **£19.95**

4 LOCKING WHEEL NUTS AND BOLTS

See page 37 for details.

5 STATUS CAR ALARM

- No wiring
- Fits to windscreen
- Installed in seconds
- Detects forced entry & vehicle tampering
- Suitable for all vehicles
- Battery operated (batteries included)

The Auto Alarm is activated by impact. The overall tolerance is pre-set at the factory but can be varied by the user within the pre-set tolerances via the sensitivity control on the unit in order to accommodate the different and varying circumstances or vehicles for which the alarm is to be used to protect.

The Piezo alarm sound produces in excess of 110 decibels.

The alarm casing is manufactured from high impacting ABS plastic, which gives not only tremendous strength but good colour retention and UV stability.

The alarm is operated by a double sided high security key designed especially for easy location and insertion into the barrel.

The high performance fixing pads used to secure the alarm to the windscreen are 3mm laminated vinyl adhesive pads with operating tolerances of between −70°C to +100°C. For maximum adhesion the pads require up to a maximum of 72 hours to "cure" onto the windscreen, depending on conditions at the time of fixing. The alarm is supplied complete with a Duracell, high powered, alkaline MN1604 PP3 9.0V battery.

The alarm allows time for the occupants to exit from the vehicle before it becomes armed ... it has an automatic built in and audible battery condition check ... once activated the alarm sounds for one minute then stops, automatically rearming itself within one second, ready to react to any further disturbances, this again helps to preserve battery life ... the muted sound entry time is adjustable and allows time to enter the vehicle before the siren is activated at the full 110 decibels.

1

1 LCB RADIO PAGE ALARMS

KEEP IN TOUCH

LCB Radio Page Alarms are designed to protect as well as keep you in touch with your Car, Truck, Boat or Caravan.

LCB Radio Pager is designed to let you know which part of the alarm has been triggered. The pager has three different tones.

THE SYSTEM INCLUDES:

Transmitter, Pocket Pager, Aerial, LED, Hardware, Leather Wallet, Batteries, Full Fitting Instructions and Warning Stickers.

THERE ARE TWO MODELS TO CHOOSE FROM

Both models can be used with an Ultrasonic Interior Detector.

The DTI approved LCB Radio Page Alarm systems are manufactured using the latest SMT technology and are designed and built to British Standard 5750 Part 2 and European ISO 9002.

PG 500
COMPLETE RADIO PAGE ALARM SYSTEM

- 3 tone pager
- Indicator flashing
- Siren output
- Remote control add-on feature
- Negative and positive triggers
- Complete with internal antenna
- Up to 800 metre range
- Car phone connection
- Panic facility
- Passive armed
- 30 second automatic reset
- Ultrasonic add on option
- LED status

209 3036 OUR PRICE **£249.00**

PG 400
ADD-ON RADIO PAGE ALARM SYSTEM

For use with most car alarms or as a silent alarm.

- 3 tone pager
- Negative and positive triggers
- Complete with internal antenna
- Up to 800 metre range
- Can be connected to most alarms
- Car phone connection
- Panic facility
- Passive armed
- 30 second automatic reset
- Ultrasonic add on option
- LED status
- Remote add-on option

209 3037 OUR PRICE **£199.00**

ULTRASONIC

Add to PG 500 or PG 400. Separate sensors mount on door pillars for extra protection. Will trigger the Page Alarm if the windows are broken or the doors are opened.

207 3038 OUR PRICE **£35.95**

SIRENS

207 3041 Mini Siren OUR PRICE **£13.95**

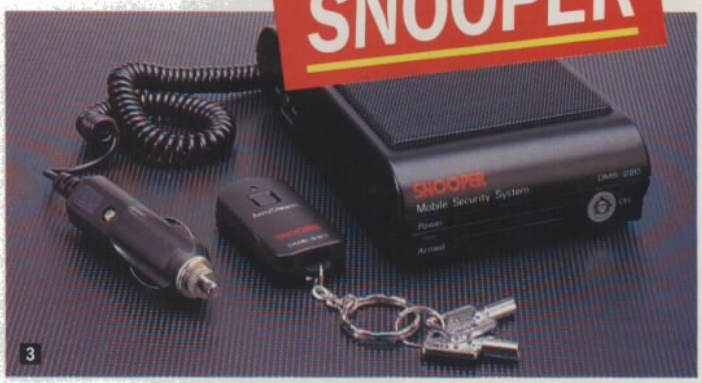
207 3042 Siren OUR PRICE **£17.95**

207 3043 Battery Back Up Siren OUR PRICE **£56.95**

DIGI-TALK

2

SNOOPER



3

2 DIGI-TALK

Protects your car with your own personalized messages. Easily fitted to any standard car alarm the DIGI-TALK has 4 modes of operation.

1. PERIMETER WARNING

Deters intruder before damage occurs.

"PLEASE DON'T TOUCH ME, I'M ARMED"

2. ALARM MESSAGE

Identifies car being stolen/ alternates with existing siren.

"THE RED BMW IS BEING STOLEN. CALL THE POLICE!"

3. DISARM MESSAGE

Verifies that your car was not tampered with in your absence.

"WELCOME BACK PAT, EVERYTHING IS OK."

4. ARM MESSAGE

Verifies that your car is armed.

"I'LL EXPECT YOU BACK IN FIVE MINUTES."

Unit mounts on or inside dash, centre console or glove box.

207 3044 OUR PRICE **£175.00**

3 COUNTER ATTACK

DTi Approved Remote Control Car Alarm. Simply plug into cigar lighter. Battery back-up. Mounts on flat surface eg. dash or centre console. Siren sounds inside car. When armed the LED display indicates the car is protected. Any break-in will be met with an ear splitting blast from the 120dB siren which literally drives the intruder out of the car. A plug-in external siren is also available as an optional extra for even greater protection.

And for people vulnerable to personal attack COUNTER ATTACK protects again with a *panic* feature on the remote control that activates the system whether armed or not!

207 3045 OUR PRICE **£79.95**

AUTOMOBILE INPARTS

3

1 CARFLOW LONGARM

LongArm is the latest tough vehicle anti-theft device from Carflow, the manufacturers of the successful StrongArm. It easily locks onto the steering wheel and prevents the wheel from turning.

The tamper and pick-proof lock has over 25,000 combinations and is manufactured to the highest standards by Abus (one of Europes leading lock manufacturers). The lock itself is drill proof and the LongArm is case hardened and saw proof.

This highly visible deterrent, fits in seconds and is suitable for all makes of cars.
Guaranteed for life.

206 2937 OUR PRICE **£34.95**

2 STRONGARM

StrongArm is a new tough vehicle anti-theft device designed to put our minds at rest. It hooks around the foot pedal and locks on to the steering wheel.

StrongArm is an effective quality product designed to support this Country's determination to reduce crime by prevention.

Strength is StrongArm's main benefit, distinguishing it from other vehicle theft deterrents.

Constructed of solid steel and with its component parts fully welded, StrongArm weighs a hefty 2.2 kg (4.9 lbs) making it tough to bend, break, saw, or kick out of place.

Lock integrity is StrongArm's other major feature. The StrongArm lock is amongst the most difficult to pick with over 3000 genuine key configurations. There is no skeleton or master key available – even from the manufacturers!

So as long as you have your key safe, you have your car safe.

Simplicity of design is always best and StrongArm is simple to use too. It takes seconds to fit in place and locks on to the steering wheel.

It is hinged in the middle so that it can be stored away discreetly.

StrongArm also boasts great versatility – it fits most cars (including automatics), lorries, buses, tractors and other off-highway vehicles.

It will also accommodate padded steering wheels.

Approved by the A.A., welcomed by the police, featured in Home Office publications such as Crime Prevention News and Good Neighbour. 'What Car?' verdict 'Simple, cheap and above all very efficient'.

206 2938 OUR PRICE **£24.95**

3 VAULT X – UNIVERSAL CAR SAFE

With more and more vehicle break-ins every year the VAULT X universal car safe is a must for anyone who wishes to protect property and valuables left in their vehicle.

Manufactured from a heavy gauge steel the VAULT X universal car safe offers ideal protection for removable radio cassette players, compact discs, car phone, cassettes, cash, credit-cards, documents, etc.

The VAULT X universal car safe is supplied with full fitting kit and instructions and is simple to fit. (Drilling is required.)

Size: 1
260 mm wide, 110 mm high, 250 mm deep

242 2939 OUR PRICE **£49.95**

Size: 2
250 mm wide, 85 mm high, 235 mm deep

242 2940 OUR PRICE **£39.95**

Tailored Brackets available for mounting either safe to floor under passenger seat to Escort 3/4 and Orion at no additional cost. Please specify if required.

DYNAMULTI SOUND SYSTEM
For car audio enthusiasts with creative flare, Pioneer Dynamulti Sound Systems are network multi-speaker systems designed to provide "invisible sound". The system mounts in a custom-made rear deck or boot lid panel, which can be covered with cloth to match the car's interior (see page 79). Safely out of sight, the system produces blockbuster sound thanks to its large diameter woofers.

EASYFIT SPEAKERS

An EasyFit solution.

Today, it seems that there are more and more different makes and models of vehicles on the road all the time. Obviously, it takes the resources of a major international manufacturer of speakers for in-car applications to be able to offer speakers to fit even a small percentage of these vehicles.

Philips Car Stereo was even able to go a lot further than that. First of all, the interiors of countless vehicles were examined to determine precisely where speakers had to be installed and how much room was available. The next step was to evaluate acoustic conditions to accumulate data for the engineering and design phase. Finally, our sonic engineers went to work and created a total of 10 different speakers that fit 90% of all vehicles on the market today. All speakers are 50 watt 2-way coaxial.

As the name implies, Easyfit speakers are easy to install because they fit right into the installation holes provided by the automobile manufacturers.

All you have to do is take a look at the table to the right to find the EasyFit speakers that go with your car.

RADIOMOBILE

1 CDK 6000
COMPACT DISC PLAYER DIGITAL STEREO RADIO

- **Compact Disc.** Will play both 8cm and 12cm discs without the need for an adaptor.
- **Track Search.** Quickly locates the start of a track on the disc and commences playback.
- **Cue and Review.** Rapidly advances or reverses through a track on the disc.
- **Intro Scan.** Plays the first ten seconds of each track on the disc.
- **Repeat Play.** Repeatedly plays the same track on the disc.
- **Pre-Set Scan (PS).** Samples stations stored in memory.
- **50 Watts 2 Amplifier System (2×25 Watts).** Outstanding power for exceptional Hi-Fi performance.
- **Low Level Output Facility.** Provides low level signal to auxiliary power amplifier. (Radiomobile AMP1000)
- **FM Active Interference Rejection Circuit.** Reduces interference from ignition.
- **Anti-Theft Pull-Out Housing.** Unit removeable from vehicle for increased security.
- **Random Play.** Plays the tracks on the disc in a random order.
- **24 Radio Station Presets 12FM/6MW/6LW.** Full waveband coverage.
- **PLL Synthesized Tuning.** State of the art circuitry.
- **Dual Direction Seek Tuning.** Versatile tuning options. Allows you to seek up and down the frequencies.
- **Automatic Station Memory.** Automatically stores 6 strong radio stations.

FREE CARRY CASE

211 2388 OUR PRICE **£215.00**

2 AKB 3900
HI-POWER DIGITAL RADIO CASSETTE PLAYER

- **40 Watts 2 Amplifier 4 Speaker System (2×20W).** Outstanding power for exceptional Hi-Fi performance.
- **PLL Synthesized Tuning.** State of the art circuitry.
- **30 Station Presets 18FM/6MW/6LW.** Full waveband coverage.
- **Seek and Manual Tuning.** Versatile tuning options.
- **Automatic Memory Store (A/S).** Automatically stores 6 strong radio stations.
- **Pre-Set Scan (P.SCN).** Samples stations stored in memory.
- **Auto Reverse Cassette Deck.** Complete flexibility of tape listening.
- **Anti-Theft Pull-Out Housing.** Unit removable from vehicle for increased security.
- **Low Level Output Facility.** Provides low level signal to auxiliary power amplifier. (Radiomobile AMP1000)
- **Loudness Contour Control.** Boosts treble and bass response at low volume.
- **Full Night Illumination.**
- **Active Spectrum Display.** Colourful five band frequency analyser dances to the music.
- **FM Active Interference Rejection Circuit.** Reduces interference from ignition.
- **Stereo/Mono Switch.**

FREE CARRY CASE

212 2389 OUR PRICE **£99.00**

3 AKB 3000
DIGITAL RADIO CASSETTE PLAYER

- **14 Watts (2×7) 2 Amplifier 4 Speaker System.**
- **PLL Synthesized Tuning.** State of the art circuitry.
- **Combined On-Off, Volume, Balance and Tone Control.**
- **Radio Band Selection Control.**
- **18 Station Presets 6FM/6MW/6LW.** Full waveband coverage.
- **FM Active Interference Rejection Circuit.** Reduces interference from ignition.
- **Full Night Illumination.**
- **Low Level Output Facility.** Provides low level signal to auxiliary power amplifier. (Radiomobile AMP1000)
- **Digital Clock (DISP).** Displays 24 hour clock.
- **Anti-Theft Pull-Out Housing.** Unit removeable from vehicle for increased security.
- **Seek, Scan and Manual Tuning.** Versatile tuning options.
- **Automatic Station Memory (ASM).** Automatically stores 6 strong radio stations.
- **Pre-Set Memory Scan (PS).** Samples stations stored in memory.
- **Stereo/Mono Switch.**
- **Auto-Reverse Cassette Deck.** Complete flexibility of tape listening.

FREE CARRY CASE

211 2390 OUR PRICE **£79.00**

4 AMP 1000
POWER AMPLIFIER 50 WATTS.

- 50 Watts total power (2×25 Watt Max.)
- BTL Output circuit for high power performance.
- Thermal and output short circuit protection.
- High and low level stereo inputs.
- Gold plated RCA connectors.
- Adjustable input sensitivity.
- Remote power switching.
- Frequency Response 20Hz-20kHz.
- Dimensions 138mm (W) × 137mm (L) × 40mm (H).
- Suitable for use with CDK 6000 when 4 speakers are required.

213 2391 OUR PRICE **£29.95**

5 RADIOMOBILE CARRY CASE
Suitable for all removable stereo cassette players. Black with Red edging only.
FREE WITH ALL RADIOMOBILE UNITS.

ZEMCO

ZEMCO SPEAKER SYSTEMS

1 RS 300
3-way car component kit
Handling power: **300 watts**
Frequency response: 30-24,000 Hz.
Components:
2pcs 6.5" ultra power woofer
2pcs 4" midrange
2pcs 4" high power dome tweeter
2pcs 3-way high power crossover

215 2551 OUR PRICE **£119.50**

2 CONTECH SQ 200
3-way car component kit
Handling power: **200 watts**
Components:
2pcs 5" ultra power woofer
2pcs 3.5" midrange
2pcs 2.5" high power dome tweeter
2pcs 3-way high power crossover

215 2552 OUR PRICE **£54.50**

3 SGW 25
Pair of sub woofers
Handling power (peak): **2 × 300 watts**
Frequency response: 23-800 Hz.
Diameter: 10"

A pair of high quality sub woofers with carbon poly acousticone graphite woofer cone, a sealing gasket and carbon fibre rubber edge for lower frequency response and longer woofer excursion. May be added to any of the RS Series kits.

215 2553 OUR PRICE **£99.00**

AUDIOLOK

4 LOCKING AUDIO SECURITY COVER

- Securely locks away car audio equipment.
- Quickly unlocks (with key of course!).
- Strong steel construction with high security lock.
- Kit supplied with two keys and free window stickers.
- High visibility means maximum deterrent.
- Quickly and easily fitted – full instructions included.
- Fits most Din-E (Euro Fitting) style audio units.
- Suitable for a wide range of cars.

221 2796 OUR PRICE **£18.95**

1 ACOUSTIC SUPER SHELF

Sound quality is easily improved by installing a better radio cassette or disc player. The best gains will be achieved by fitting a separate amplifier and larger speaker system, but where do you put these larger speakers? The ideal place in a car is the rear shelf, but the original rear shelf is flimsy and vibrates as soon as the volume is turned up. Your music is out of control – especially the bass. What is the answer? Fit an Acoustic Super Shelf.

- The Shelves are made from very high quality 18mm medium density fibreboard, and come complete with acoustically transparent fabric (available in 16 colours), new shelf hangers and hinge pins.
- All Acoustic Rear Shelves are manufactured to the highest standard and custom made to fit each individual car. They are designed for mounting heavy duty speakers and amplifier systems into hatchback or saloon cars without the usual frustrating vibration problems.
- All Shelves are supplied uncovered and without any holes cut for speakers, purely so that you may fit the speaker of your choice and cover the shelf accordingly.
- OUT OF SIGHT! One of the major design aspects of the Acoustic Shelf is that you can still enjoy the dynamic sounds of your speakers even when your speakers are under the shelf, out of sight of prying eyes – thanks to the acoustically transparent cover.
- Any speaker can be fitted to the Acoustic Shelf in any way you like. The Acoustic Super Shelf doesn't only look smart it greatly improves the bass response of any speaker fitted, due to the sheer density of the fibreboard, resulting in 'concert hall' performance.
- Colours of acoustic fabric supplied with shelves: Black, Ford Grey, Deep Blue, Tan, Rover Grey, Sky Blue, Mid Blue, Deep Red, Burgundy, Mercedes Beige, Sandstone Beige, Dark Brown, Light Grey, Pure White and Peugeot Red.

Part Number 217 2643

2 ACOUSTIC BAFFLE-BOARDS

- Suitable for monitoring subwoofers and amplifiers behind the rear seats as shown in the above photograph. Supplied with acoustically transparent carpet covering in the following colours: Black, Light Grey, Dark Grey, Blue and Brown.

Part Number 217 2644

BAZOOKA BASS TUBE SPEAKER SYSTEMS

The Bazooka Bass Tube Speaker Systems represent a revolutionary design breakthrough in car stereo bass units. The concept of "corner loading" is recognized by the audio industry as the most efficient means of delivering low frequencies. The Bazookas' patented, tubular shaped enclosure uniquely applies this principle by focusing the entire output of the woofer into the corner. The result is phenomenally clean, dynamic bass that is unsurpassed by any other car stereo speaker system of equivalent size or price.

Easily fitted to any audio system. Locate in hatchback or boot of your car using straps provided, and simply wire up to your rear speakers and a single power supply.

BAZOOKA

BBS

BBS STEERING WHEELS

If you want to combine a way of life, luxury and style you ought to appreciate the exquisite, irresistible flair that originates from a BBS leather steering wheel.

BBS have their leather steering wheels produced where the true craftsmen for this material have always lived: in Italy. Each BBS leather steering wheel is produced from the finest calf's leather and hand-crafted to perfection. Thus every example is a masterpiece – an unmistakable original. The very first touch, the first grip of the wheel is a sensual experience.

For overall beauty, selected materials, and the high standard of workmanship impress at first glance. Technical perfection has to go hand-in-hand with an appreciation of beauty. Only then is a steering wheel a genuine BBS leather steering wheel.

COBRA

1 SEBRING

The Sebring is Cobras latest competition seat available in Kevlar or Kevlar/Carbon Fibre composite. Each is immensely strong and very lightweight (just 4.5 kg). It is available with both side and base mounts strengthened through an integral frame and, of course, accepts a full 5 point race harness. The cushion and lumbar support are adjustable and the larger grommet holes make a harness more comfortable for the driver no matter what height he is. The Sebring is available in Black with Blue/Red/Pink/Green or Yellow panels.

Sebring Kevlar
234 2554 OUR PRICE **£224.00**

Sebring Carbon Fibre
234 2555 OUR PRICE **£260.00**

Alloy Side Mounting Frame
235 2573 OUR PRICE **£36.50**

2 COBRA RECLINER

High density moulded foam around a sturdy frame gives firm support to conform to your back's contour. Picture shows grey simulated leather with grey cloth inserts and black Cobra badge. Also available in black simulated leather with black cloth inserts or plain black cloth all over.

If Cobra badge required please state colour ie. Red or Black.

Cobra Recliner Simulated Leather and Cloth

233 2569 OUR PRICE **£16.00**

6 DAYTONA SPORTS

The new Cobra *Daytona Sports* seat owes its classic lines more to stress engineering and ergonomics than any stylist's whim, and in the process has evolved into possibly the most aesthetically pleasing seat Cobra has yet produced.

The Cobra *Daytona Sport* has been designed to be the first truly *multi-purpose* road, race and rally seat available. Its graceful curves offer proper ergonomic location and full lateral support for the rigours of competition. Guides are even provided for a full competition harness, however, the sqab sides have been designed to allow easy entry and exit on everyday shopping trips.

This combination also makes the *Daytona* a natural choice for luxury 4 wheel drive vehicles where off-road comfort is as important as everyday practicality.

The secret lies deep inside. An all steel backrest with side bolsters and integral headrest, and an all-in-one Pirelli suspension pan are generously covered in high density polyurethane foam for comfort and safety.

Available in plain Black (Blackrock), plain Grey (Raven), Black with fluorescent trim or Grey with fluorescent trim.

233 2570 OUR PRICE **£165.00**

7 KEVLAR

The new Cobra Kevlar Competition Seat has been constructed to the highest standards to give the competition driver the support and safety he requires. Available in a choice of either Black, Red or Blue cloth with the provision for a full racing harness. Includes harness pads and lumbar cushion.

10 AVUS SUPER STEERING WHEEL COVER

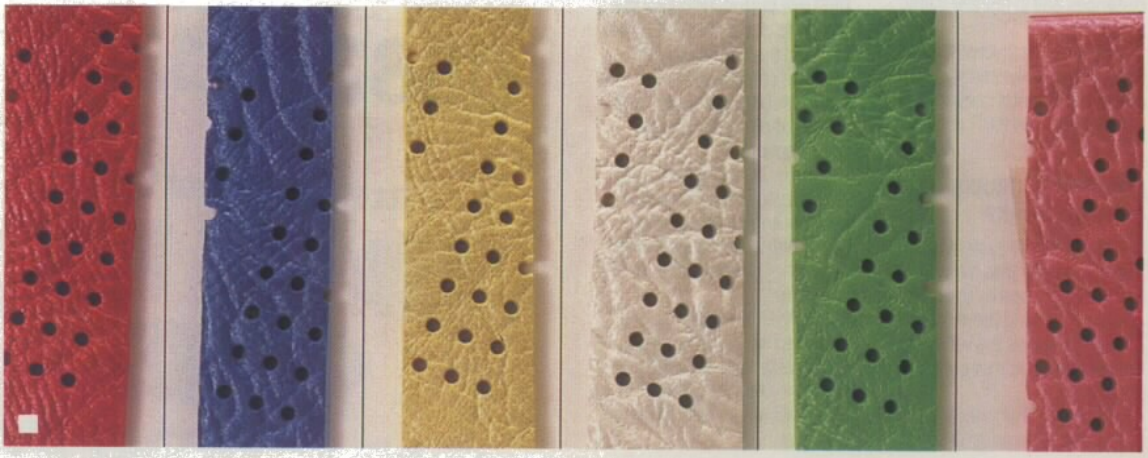
The decisive advantage and indeed the secret of the AVUS steering wheel cover is the material used to manufacture it: porotherm®. This material outdistances all others in terms of comfort and hygiene. The AVUS® porotherm cover air-conditions the steering wheel, thus offering protection at all temperatures, which is particularly welcome in the hot summer time as well as in the cold winter season. Fits all steering wheels up to 420mm diameter. Available in black or brown.

231 2548 OUR PRICE **£4.95**

11 NEW!! AVUS SUPER STEERING WHEEL COVER

Now available in the following hot colours: Metallic Red, Metallic Blue, Metallic Lemon, Metallic Pearl White, Metallic Green and Metallic Pink.

231 2549 OUR PRICE **£4.95**



ZEMCO

CRUISE CONTROLS

WHY BUY A CRUISE CONTROL?

Cruise Controls have long been popular in the United States and understandably so. Long distances, open roads and speed restrictions make cruise controls almost a necessity. But gradually, European drivers are coming to recognise that a cruise control can also be meaningful over shorter distances and in heavier traffic conditions.

They have discovered that not only does a cruise control prevent accidental speeding but also reduces fuel costs by up to 15%.

HOW DOES A CRUISE CONTROL WORK?

The 'heart' of the system is a microprocessor that memorises any speed chosen by the driver and, by regulating the throttle actuator, enables the vehicle to be maintained at that constant speed.

This means that once a speed has been programmed by touching the SET button, your foot can be taken away from the accelerator pedal. Whether up hill or down dale, the cruise control will adjust the movement of the throttle and hold the vehicle to the desired speed.

For safety reasons, a cruise control does not operate at low speeds (normally not under 25 mph). It can be switched on or off at will and is immediately and automatically disconnected by pressing the brake pedal or, on manual vehicles, by changing gear. Touching the RESUME button will cause the vehicle to accelerate until it has reached the last set speed.

Cruise controls eliminate abrupt throttle movement and consequently reduce fuel consumption.

Zemco Cruise Controls are simply installed on most 12v vehicles and come complete with fitting instructions and all necessary hardware for the DIY enthusiast.

Zemco Cruise Controls are approved by one of the most stringent testing authorities in Europe – the Technischer Überwachungs-Verein (TÜV) in Germany.

1 CRUISE CONTROL

All parts supplied for complete installation.

- Labelled and colour coded wires.
- Easy to follow installation instructions.
- LED 'engaged' light.
- Utilizes ignition coil or speedometer output to sense speed.
- Brake switch connection disengages cruise with a tap of the brake.
- Backlit command module for night driving.

244 2467 (vacuum type) OUR PRICE **£145.00**

- For Turbo and Diesel Cars

CARNOISSEUR

DRIVING COMPUTERS

1 DCS360E

The very latest in driving computer technology. The DCS360E is the first computer to automatically re-set when fuel is added to the tank. It offers an exciting range of functions including two memories for short and long trips and an analogue bargraph to display instant fuel economy. Instantly convertible from imperial to metric measurements – ideal for buying fuel in litres whilst still measuring consumption in miles per gallon.

With gooseneck
245 2456 OUR PRICE **£159.00**

1

2 DCS300E

Offers a wide range of fuel management functions including information on 'range' – i.e. how much fuel in the tank, how far and how long you can travel without refuelling.

The DCS300E incorporates a Cruise Control with separate command module. The DCS340E has the same functions as a DCS300E, but comes without a Cruise Control.

245 2457 OUR PRICE **£245.00**
245 2458 OUR PRICE **£120.00**

3 DCS350E

Provides accurate information on instant fuel economy in addition to showing the amount of petrol used. Speed, time and distance displays are also incorporated. It provides instant convertibility between imperial and metric measurements.

ELECTRONIC COMPASS

Two electronic compasses featuring the very latest aircraft type quadrature circuit for total accuracy. Just take a look at some of the outstanding features, which make conventional compasses a thing of the past.

- Automatic magnetic compensation. Even the most expensive conventional compasses have problems with strong magnetic fields in a vehicle. But Zemco's quadrature circuit system automatically corrects to obtain precision accuracy.
- 360° hi-tech display clearly shows the direction of travel.
- Full colour illuminated display for easy reading day or night.
- Fits easily on to any dashboard allowing use by either driver or front seat passenger.

- Display is electronically controlled for steady, accurate reading.
- Easy to install in vehicle electrical system – or via the cigarette lighter adaptor included.

4 **246 2463** OUR PRICE **£39.95**

TIM SUPERDASH

All TIM SUPERDASH instruments are supplied complete with necessary fittings, including fixing clamps for in dash mounted models. Every instrument pack contains easy to follow fitting instructions and wiring diagrams where they are appropriate.

TIM SUPERDASH instruments are designed for 12 volt negative earth systems only, except where indicated. Every instrument is wired for internal illumination by simple connection with existing panel wiring.

1 LED ELECTRONIC TACHOMETER
Fully electronic with LED light curves. Combines the advantages of instrument and warning lights. 52 mm.
248 1156 OUR PRICE **£39.95**

2 LED ELECTRONIC OIL PRESSURE GAUGE
Complete with sender unit. 52 mm.
248 1157 R.R.P. £40.95 OUR PRICE **£26.95**

3 LED ELECTRONIC WATER TEMPERATURE GAUGE
Complete with sender unit. 52 mm.
248 1158 R.R.P. £37.77 OUR PRICE **£23.95**

4 LED ELECTRONIC VOLTMETER GAUGE
Complete with sender unit. 52 mm.
248 1159 R.R.P. £36.85 OUR PRICE **£23.95**

5 LED ELECTRONIC 60 AMP AMMETER 52 mm.
248 1160 R.R.P. £28.64 OUR PRICE **£17.95**

6 ELECTRONIC SPARK PLUG MONITOR
4 cylinder. 52 mm.
248 1161 R.R.P. £22.50 OUR PRICE **£14.95**

7 DIGITAL TACHOMETER/ QUARTZ CLOCK
Digital display tachometer suitable for most 4 cyl petrol engines. 12v negative earth with conventional or electronic ignition. Range 100 rpm to 6900 rpm or switch to accurate quartz clock. Display automatically dims for night-time driving. Intrinsic universal swivel mounting bracket. Dimensions 80 × 40 mm.
249 1162 OUR PRICE **£21.95**

8 QUARTZ CLOCK
12v negative earth. Green display. For indash installation 71 × 33 mm aperture. Underdash installation using panel provided. The display only operates when ignition is on. Automatic dimming for night driving.
249 1163 OUR PRICE **£16.95**

9 AMMETER (60 AMP)
This 60-0-60 amp scale instrument is generally suitable for vehicles with alternator charging. Operates on 6 or 12 volt systems. 52 mm.
249 1164 OUR PRICE **£4.95**

10 VOLTMETER
Indicates voltage of car electrical system on a scale of 3-17 volts with red colour zones to indicate excessively high or low voltage. For vehicles with 12 volt systems with either dynamo or alternator charging. 52 mm.
249 1165 OUR PRICE **£9.95**

11 OIL PRESSURE GAUGE
Complete with approximately 1.83 metres (6 ft) of copper pipeline, 1/8" BSP 'T' piece and fittings. Universal polarity. 52 mm.
249 1166 OUR PRICE **£13.95**

12 WATER TEMPERATURE GAUGE
Complete with approximately 1.52 metres (5 ft) of capillary tubing and 5/8"-18 UNF connector. Universal polarity. 52 mm.
249 1167 OUR PRICE **£13.95**

13 TACHOMETER
Readout indicating rpm 0-8000. Adjustable pointer for maximum safe or economic engine speed. Suitable for most 4, 6, 8 cylinder and rotary petrol engines with conventional or electronic ignition. 52 mm.
249 1168 OUR PRICE **£21.95**

14 ELECTRIC OIL PRESSURE GAUGE
Complete with separate engine transmitter to sense the oil pressure and relay reading via electric wire. 52 mm.
249 1169 OUR PRICE **£18.95**

15 ELECTRIC WATER TEMPERATURE GAUGE
Complete with engine transmitter to sense temperature and relay reading. Transmitter thread size of $\frac{1}{8}$"-27 NPTF is compatible with many vehicles including Ford, and alternative adaptors are included. 52 mm.
249 1170 OUR PRICE **£16.95**

16 QUARTZ CAR CLOCK
Quartz movement gives accurate timekeeping to within 1 second per day. Very low current consumption. 52 mm.
249 1171 OUR PRICE **£24.95**

17 FUEL ECONOMISER
Complete with approximately 1.8 m (6 ft) of vacuum tubing and $\frac{1}{4}$" BSF manifold adaptor and 'T' piece. The gauge measures the vacuum in the inlet manifold and indicates whether the driver is operating the vehicle efficiently or is wasting fuel. Universal polarity. 52 mm.
249 1172 OUR PRICE **£22.95**

18 VACUUM GAUGE
Complete with approximately 1.83 metres (6 ft) of vacuum tube and $\frac{1}{4}$" BSF manifold adaptor. The pointer indicates maximum power, economy, idle and overrun conditions of the engine. Universal polarity. 52 mm.
249 1173 OUR PRICE **£10.95**

19 TURBO BOOST GAUGE
Complete with vacuum tubing, fittings and instructions. Suitable for most vehicles except diesels. 52 mm.
249 1174 OUR PRICE **£15.95**

20 TACHOMETER
Can be mounted at virtually any angle. Electronic tachometer using the latest solid state technology indicates engine rpm 0.8000 in analogue form.
Adjustable pointer to set at maximum safe or economic revs. Suitable for most 4 or 6 cylinder petrol engines with conventional or electronic ignition. Diameter 80mm.
249 1175 OUR PRICE **£24.95**

21 INSTRUMENT POD
52mm. Easily mounted. Suitable for all 52mm instruments. Complete with rubber O rings for quick installation.
336 1176 OUR PRICE **£4.95**

22 AUTO-LIGHT-OFF
Switches of all driving lights if accidentally left on. Prevents run down of battery. Adjustable delay – 30 seconds to 3 minutes.
200 1177 OUR PRICE **£8.95**

TIM 'M' MONITOR RANGE
The monitor range is designed to fit most rocker switch apertures. Each monitor has its own LED display with the appropriate graphic display.

23 OIL LEVEL MONITOR
LED indicates when oil top up is required.
200 1178 OUR PRICE **£12.95**

24 WINDSHIELD WASHER MONITOR
- Indicator flashes at low level.
- Complete with adjustable fluid level sensor.

200 1179 OUR PRICE **£5.95**

25 BRAKE LIGHT MONITOR
- Green LED indicates all bulbs are OK.
- Red LED indicates when bulbs fail.

200 1180 OUR PRICE **£5.95**

26 SEAT BELTS REMINDER
- Indicator flashes for 20 seconds when ignition is switched on.

200 1181 OUR PRICE **£9.95**

27 BATTERY CONDITION MONITOR
- Red indicates battery at 11 volts or less.
- Green indicates battery OK.

200 1182 OUR PRICE **£9.95**

28 WATER TEMPERATURE MONITOR
- Indicator lights at temp. 110°C or over.

200 1183 OUR PRICE **£5.95**

29 ICE WARNING MONITOR
- LED lights at 0°C or below.

200 1184 OUR PRICE **£6.95**

30 ROCKER PANEL
For mounting 'M' Monitor range or rocker switches.
3-slot metal panel.
336 1185 OUR PRICE **£2.95**
1-slot panel (not shown).
336 1186 OUR PRICE **£1.95**

1 LUCAS SERVOGLIDE XL POWERED WINDOW KIT

The comprehensive kit of parts includes fully illustrated fitting instructions to guide you through installation. Total fitting time should be less than a day.

- New Slimline Motor.
- Centre Console Switching.
- Comprehensive Parts Kit.
- Fully Illustrated Fitting Instructions.

The suitability of Servoglide for a wide range of cars has been achieved by incorporating the existing winder mechanism into the system. Lucas manufactured, it has at its heart a powerful 12v motor, slimline in design which means that it's better suited to working within the narrow confines of the modern car door and which powers through a flexible drive a low profile universal gearbox mounted on the window regulator mechanism. Should electrical power fail the regulator mechanism can be operated manually with the reserve handle provided.

Powered Window Kit for Front Doors
250 2743 OUR PRICE **£145.00**

Please state make, model and year of car when ordering.

LUCAS

LUCAS ACCESSORY INSTRUMENTATION

1 TACHOMETERS
Provides an efficient and reliable guide to obtaining maximum torque and power output from an engine.

80 mm
- Diameter: 80 mm.
- Depth: 83 mm.

Connecting leads, internal illumination, fixing strap, fitting instructions. Negative earth vehicles, 4, 6, 8 cylinder, 4-stroke petrol engines.

249 1038 OUR PRICE **£69.95**

52 mm
- Diameter: 52 mm.
- Depth: 83 mm.

Connecting leads, internal illumination, fixing strap, fitting instructions. Negative earth vehicles, 4-stroke, 4 cylinder petrol engines only.

249 1039 OUR PRICE **£59.95**

2 VOLTMETER
Indicates battery condition and possible defects in the electrical system.
- Diameter: 52 mm.
- Depth: 58 mm.

Internal illumination, fixing strap, fitting instructions. 12 volt insulated or earth return applications only.

249 1040 OUR PRICE **£28.95**

3 AMMETER
Monitors the rate of battery charge or discharge.
- Diameter: 52 mm.
- Depth: 58 mm.

Heavy duty lead with connectors, internal illumination, fixing strap, fitting instructions. 12 volt insulated or earth return systems only.

249 1041 OUR PRICE **£26.95**

4 OIL PRESSURE GAUGE (ELECTRICAL)
- Diameter: 52 mm.
- Depth: 58 mm.

Sensor unit with 1/8" NPTF thread, internal illumination, fixing strap, fitting instructions. 12 volt negative earth systems only.

249 1042 OUR PRICE **£69.95**

5 OIL PRESSURE GAUGE (MECHANICAL)
- Diameter: 52 mm.
- Depth: 65 mm.

Nylon pipeline, adaptors, internal illumination, fixing strap, fitting instructions. 12 volt positive and negative earth systems.

249 1045 OUR PRICE **£69.95**

7 WATER TEMPERATURE GAUGE (ELECTRICAL)
- Diameter: 52 mm.
- Depth: 58 mm.

Sensor unit with 1/8" NPTF thread, internal illumination, fixing strap, fitting instructions. 12 volt negative earth systems only.

249 1046 OUR PRICE **£22.95**

8 WATER TEMPERATURE GAUGE (MECHANICAL)
- Diameter: 52 mm.
- Depth: 65 mm.

1600 mm capillary tube/5/8" UNF male connection, internal illumination, fixing strap, fitting instructions. 12 volt negative and positive earth systems.

249 1047 OUR PRICE **£49.95**

9 DUAL GAUGE
Monitors oil pressure and water temperature.
- Diameter: 52 mm.
- Depth: 75 mm.

Oil pipeline, 1.6 metre capillary tube, adaptor, internal illumination, fixing strap, fitting instructions. 12 volt negative and positive earth systems.

249 1048 OUR PRICE **£69.95**

10 QUARTZ ANALOGUE CLOCK
- Diameter: 52 mm.
- Depth: 72 mm.

Internal illumination, fixing strap, fitting instructions. 12 volt negative earth systems only.

249 1049 OUR PRICE **£39.95**

11 AMBIENT AIR TEMPERATURE GAUGE
Registers outside air temperatures, with a red warning light signalling freezing conditions.
- Diameter: 52 mm.
- Depth: 92 mm.

Sensor unit with 1/8" NPTF thread, internal illumination, fixing strap, fitting instructions, wiring harness. 12 volt negative earth systems only.

249 1050 OUR PRICE **£69.95**

12 TURBO BOOST GAUGE (MECHANICAL)
Measures turbo boost pressure during acceleration.
- Diameter: 52 mm.
- Depth: 65 mm.

Nylon pipeline, adaptor, connectors, internal illumination, fixing strap, fitting instructions. 12 volt negative and positive earth systems only. Not suitable for diesel engines.

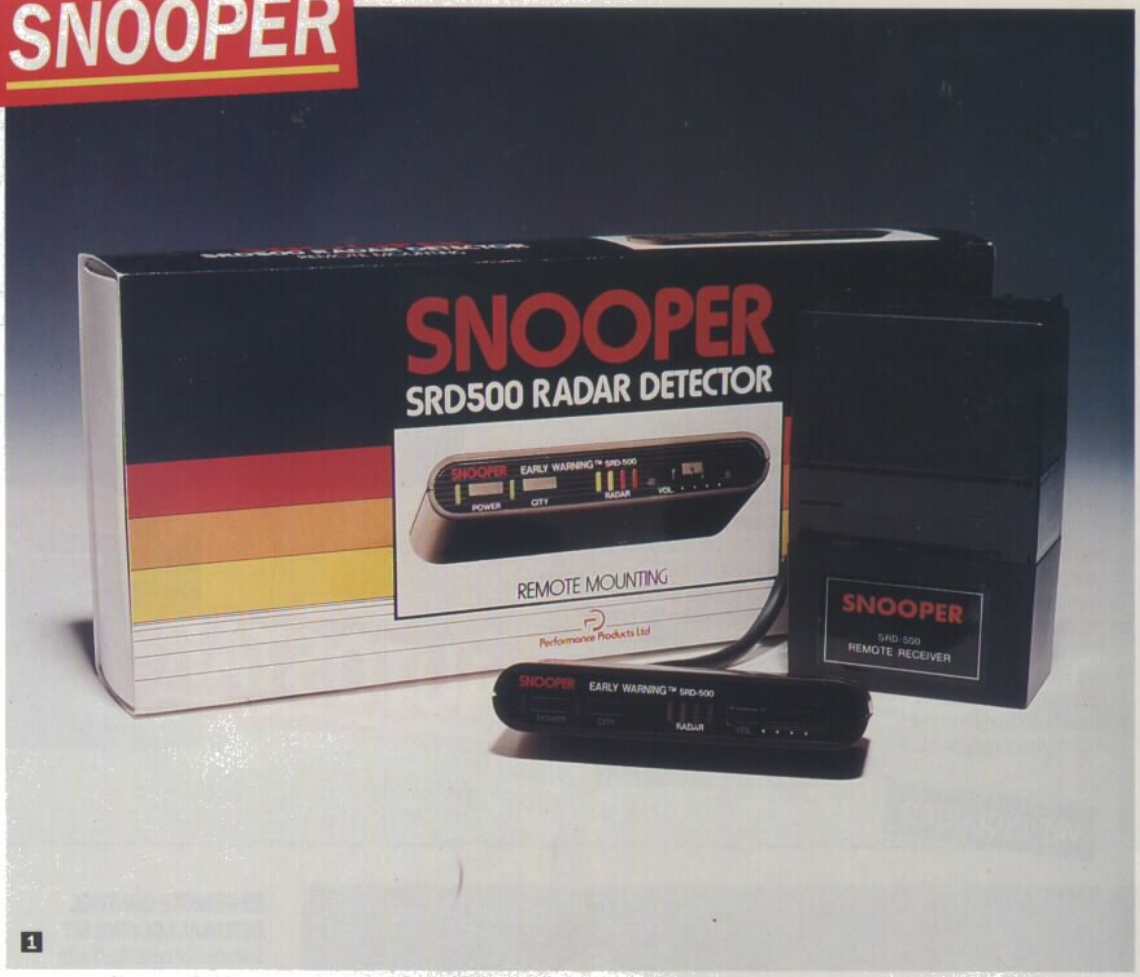
SNOOPER

SNOOPER SRD RADAR DETECTORS

ONLY YOU KNOW HOW IMPORTANT YOUR LICENCE IS TO YOU!

The Snooper Range of Radar Detectors has been developed to help the modern driver maintain a higher level of driving safety. Their design and build quality ensure that the user is provided with the most advanced protection available today. These fourth generation instruments have all the benefits of nearly 20 years experience in manufacturing detectors that are both accurate and reliable. The complete range is built around the very latest electronic components combining leading edge technology with rugged construction to ensure trouble free use under all conditions.

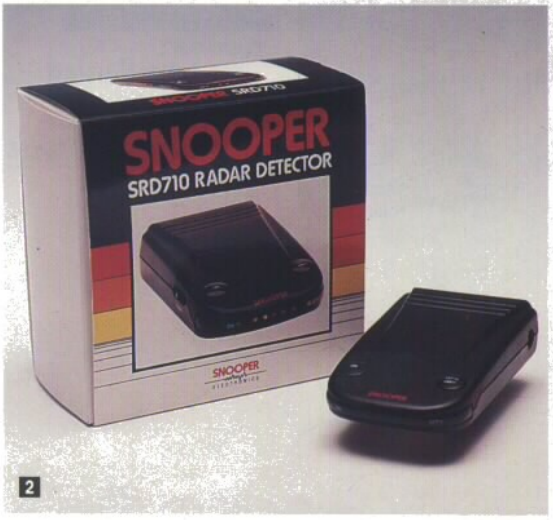


1

1 SRD500

Combining all of the exceptional features of the SRD710 with discreet installation, the Snooper SRD500 Remote provides the discerning driver with a warning system ideal for the majority of vehicles on today's roads. The remote unit is small enough to be mounted in the most convenient position yet still features an LED range finder, city filtering system and adjustable volume control. The detector unit is based on the latest microchip technology using an advanced digital signal processing technique that receives then amplifies signals for easier, faster detection. This module is hermetically sealed against the weather and is designed to withstand vibration and shock loads. The SRD500 Remote comes complete with a comprehensive installation kit with full instructions and is backed by our normal warranty.
Size: Control Module 110mm W × 17mm H × 33mm L.
Remote receiver 74mm W × 45mm H × 120mm L.

252 2866 OUR PRICE **£299.00**

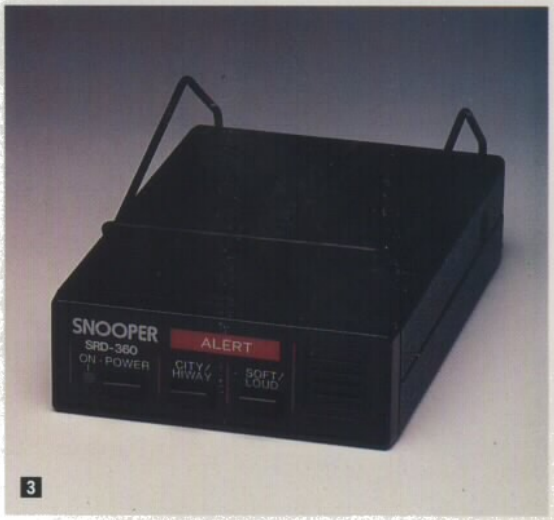


2

2 SRD710

Designed for the professional motorist, the portable Snooper SRD710 is the true state of the art radar detector. Its exceptional range (over 3 miles), accuracy and reliability is maintained by CMOS computer controlled electronics providing the driver with the ultimate protection for today's difficult driving conditions. The SRD710 incorporates a set of highly sophisticated filters which ensures that the detector is sensitive to radar signals whilst reducing spurious signals to a minimum. The miniaturised circuits have allowed the designers to produce an aesthetically pleasing instrument that blends perfectly with the car's interior. Its user-features include an LED rangefinder, automatic self diagnostic circuitry plus visual and adjustable audible warning systems. The SRD710 is the most effective radar detector available at any price and ensures absolute peace of mind for the serious driver.
Size: 70mm W × 10mm H (min) × 118mm L.

252 2867 OUR PRICE **£205.00**



3

3 SRD360

The Snooper SRD360 combines the latest solid state electronics in a compact design to form one of the most reliable radar detectors available today. Based on the extremely successful 'long range Super Snooper' this budget priced instrument is ideal for both city and highway driving. The SRD360 has a maximum range of around 1 mile, plus 'over the hill' and 'around the curve' capabilities. Both visual and audible warning systems are incorporated together with an LED rangefinder to pinpoint the radar source. The unit is easily fitted to either dash or visor and plugs directly into the cigar lighter. Backed by a full 12 MONTHS WARRANTY the SRD360 provides excellent protection at a reasonable price.
Size: 70mm W × 25mm H × 110mm L.

CARNOISSEUR

1 GTI CAR COMPUTER BY AUTOSTAR

Suitable for all vehicles including Fuel Injection, Standard, Diesel, Leaded/ Unleaded.

Now *your* car can be fitted with a car computer – just as many of the top-of-the-range and executive cars already are today. Specially designed for simple Do It Yourself fitting the Autostar GTi Computer comes complete with sensor and all necessary components.

The GTi adds great style to your Instrument Panel and is good for the Environment – helping you drive more efficiently. Keep both fuel costs and emissions down by using the FUEL and MPG functions.

With more data at your fingertips you are more in control. If you let it, the GTi's computer's visual SPEED ALARM will help you keep your driving licence too. Digital SPEED display enhances readability and safety in town and on the motorway. A valuable addition to the traditional speedometer.

The DISTANCE and elapsed driving TIME keys help you choose the shortest routes, or apportion travel costs. Gives you that extra information when route finding or touring.

Displayed data is updated every second; user resets data to zero to start new trip.

The Computer displays these functions:

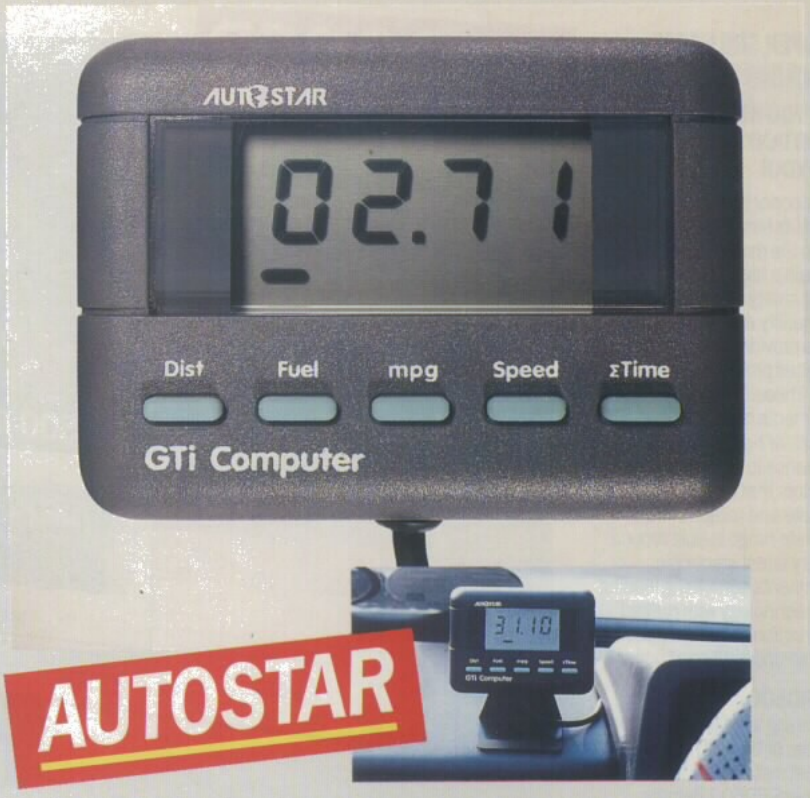
- Distance travelled on a trip
- Fuel used
- Instantaneous MPG
- Trip average MPG
- Instantaneous speed
- Trip average speed
- Visual speed alarm
- Trip elapsed driving time
- Metric or Imperial Calibration

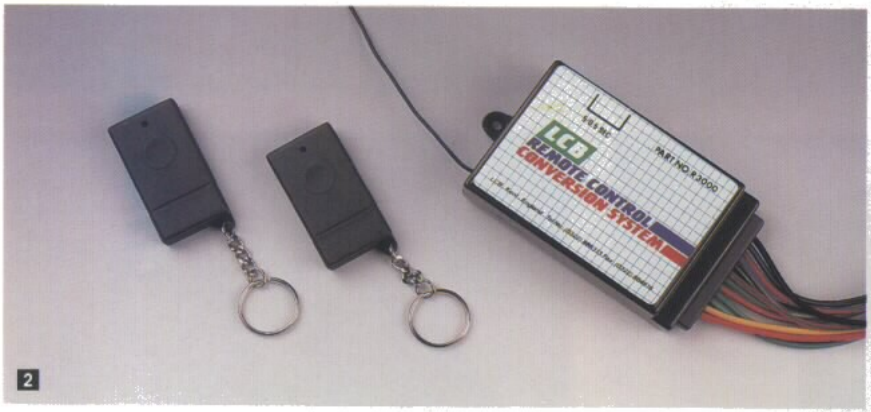
The Autostar GTi Computer is easy to fit with just four electrical connections and a distance sensor which fits onto the back of the speedometer.

The display module measures 85mm × 65mm × 30mm and can be located on dash or top or side mounting.

245 2792 OUR PRICE **£99.50**

VAT INCLUDED





2

2 REMOTE CONTROL CENTRAL LOCKING KIT

Suitable for cars fitted with central locking as standard, this device will unlock your car doors with a touch of the remote control "key".

Kit comprises of a central locking interface and two Remote Keys. Easily fitted.

210 2793 OUR PRICE **£64.95**

3

3 ZERO BLACK ICE EARLY WARNING SYSTEM

Black ice or freezing road conditions claim many lives every year and can also cost motorists a lot of money in accident repair bills.

ZERO ICE DETECTOR is an advanced warning device that translates air temperature to a simple display on the dashboard to warn the driver of deteriorating road conditions. At a time when in-car heating and comfort have become so effective it is difficult for the driver cocooned inside to detect whether the outside temperature is just above or just below freezing. These critical few degrees can make all the difference between an innocuous patch of moisture on the road or a deadly stretch of black ice.

ZERO comes complete with easy to follow fitting instructions and is simply installed in any type of vehicle.

253 2794 OUR PRICE **£59.50**

1 KIDDY CHILD SEAT

- Child 8 months – 6 years i.e. 8.5 kilo – 25 kilo.
- Light weight construction.
- Easily installed and removed.
- Uses original seat belts.
- Easily washable.
- Child easily removed from belts.
- Raises child up for good vision.
- Tray play area.
- European approval.
- Available in Blue or Grey.

254 2768 OUR PRICE **£49.95**

AZTEC

2 ELECTRICALLY AND MANUALLY OPERATED CAR BLINDS

Aztec is the first Venetian blind designed to fit your car. It adds a unique style to any vehicle and in a choice of 4 colours: Black, Silver, White and Red... there's one that's perfect for you. Aztec puts individuality right into your rear window and gives you unprecedented control of your car's interior environment at the flick of a switch.

Use Aztec to eliminate dazzle but still give clear rear vision. Ideal at night. Headlamps glaring through your back window can be distracting and potentially dangerous. Aztec lets you filter out dazzle in your eyes without blocking rear vision. Aztec unclips easily from its mountings for cleaning. Available in Black, Silver, White or Red.

SPECIALISED CAR COVERS

SPECIALISED CAR COVERS

Throughout the world, the name of Specialised Car Covers enjoys an enviable reputation for quality and reliability. Specialised Car Covers manufacture beautifully designed, yet functional, individually hand-tailored dust proof or waterproof covers which are precision cut and tailored to fit any possible type of car like a second skin.

Each cover is designed with securing straps on both sides to ensure a snug professional fit.

An extensive colour range is available, together with individual specifications, such as customers own logo and makers marque.

With a specialised car cover your vehicle is kept in prime condition and its value is maintained.

Official suppliers to: ASTON MARTIN, SUZUKI, LAMBORGHINI, LANCIA, FERRARI, LAGONDA, BMW, HONDA, JAGUAR, ROLLS-ROYCE etc.

WATERPROOF COVERS

Made from 4 oz nylon, coated with Hydrolysis resistant P.U. and Scotchguard proofed. All seams are electronically welded and taped, making the cover 100% waterproof. Quick release adjustable tie-down straps are available, together with co-ordinated storage bags.

Colours available: Black, White, Red, Silver Grey, Royal Blue, Mid Green, Burgundy, British Racing Green.

262 1072 FROM **£105** TO **£225**

Please ring for exact price for your car.

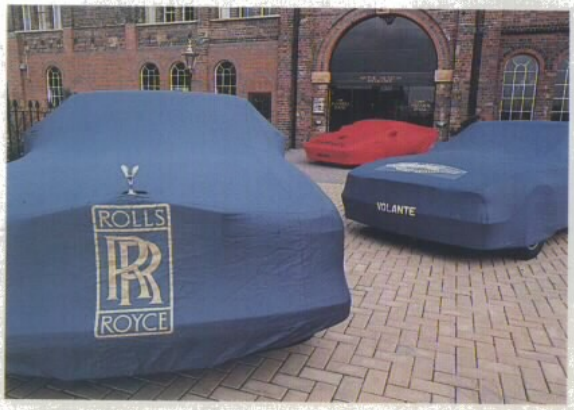
DUST COVERS

Made from 100% sateen washable siliconed finished cotton, vat and azoic dyed. The fabric is breathable, tightly woven to repel dust, and is non-scratching. Co-ordinated storage bags available.

Colours available: Black, White, Red, Gold, Silver Grey, Yellow, Mid Green, Brown, Mid Blue, Pale Blue, Burgundy, British Racing Green.

262 1073 FROM **£105** TO **£250**

Please contact for exact price for your car.



AUTOGLYM

AUTOGLYM MOTORSHOW CONDITIONERS

Selected by Aston Martin and Jaguar. The only range of automotive polishes and cleaners recommended by Carnoisseur. The difference has to be seen.

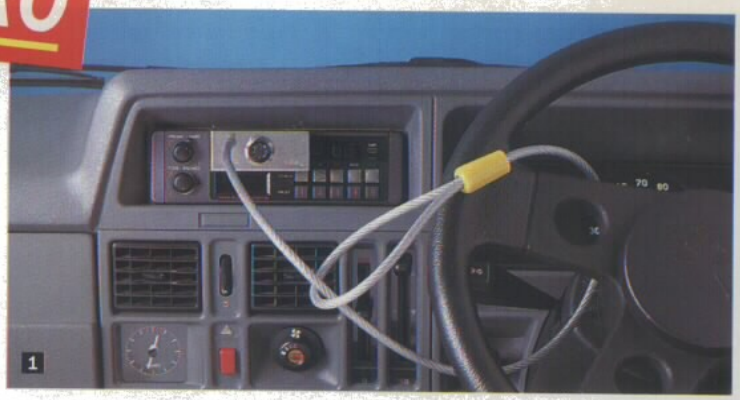
263 1090 — *Post Free*

AUTOGLYM

METRO



1 RADIO CASSETTE LOCK

Radio-Cassette Lock is highly visible from outside the car, making it a simple, but extremely effective deterrent to theft and vandalism. When the thief sees, from outside the car, that the cassette player is physically protected he will invariably move on to an easier target. This not only saves the unit but also the damage to the car itself.

This new lock can be fitted and removed in seconds to all front loading players, and its unique design is a double deterrent to thieves.

Firstly, it locks into the cassette slot and cannot be removed without ruining the player, making it useless to a thief. The non-pick tumbler lock has 2,500 combinations.

Secondly, the lock is attached to the steering wheel by an incredibly strong braided steel cable, making it ideal for use with removeable as well as fixed radio-cassette players. The cable is plastic coated and tough enough to resist bolt cutters, files and saws.

Radio-Cassette Lock will not damage even the most sophisticated players and requires a simple, once only adjustment to suit all types of players.

221 2869 OUR PRICE **£19.95**

2 SUN SCREENS

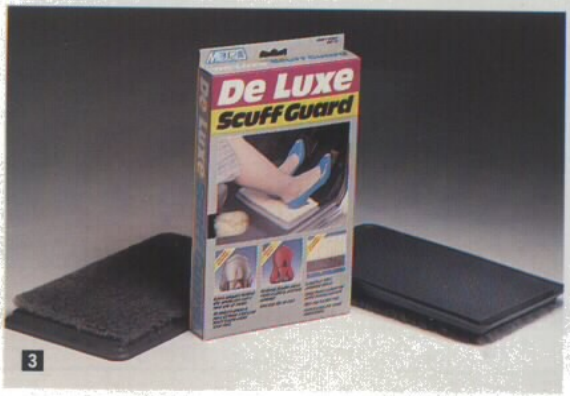
SUN SCREENS are a very effective and novel way of keeping the interior of a car cool, and put an end to the misery of hot steering wheels or seats.

They are made from strong card, creased into a concertina shape and printed with a choice of three fun designs.

The concertina shape enables them to be folded away into a compact size and easily stored under the seat.

SUN SCREENS are simply held in place with the sun vizors folded down, and one size will fit most cars.

266 2870 (Humpty)	**£4.50**
266 2871 (Phew)	**£4.50**
266 2872 (Feet)	**£4.50**



3 DE LUXE SCUFF GUARD

This is the ultimate solution to protect shoes from scuffing and heel damage when driving. De Luxe Scuff Guard consists of a specially designed, non-slip rubber mat which holds a luxurious cushioned fleece pad. Superbly comfortable in use, the fleece pad is easily replaced when soiled.

267 2873 OUR PRICE **£6.50**

4 BEAM BENDERS

Beam Benders are universal headlamp converters for continental driving. One size fits most vehicles. Unlike other products, Beam Benders do not block out light, they simply re-direct it at the correct angle. They are optically designed contact lenses which cover the area on the headlamps from which the dipped beam emerges. Beam Benders are self-adhesive and simply stick onto the headlamp glass without the need for cutting or trimming. No technical knowledge is required and they can be fitted in seconds. Being only 1 mm thick, they will not impede the use of headlamp wash/wipe systems.

268 2874 (Right Hand Drive) OUR PRICE **£4.95**

5 DE LUXE FIRST AID KIT

A new approach to 'in car' first aid kits, the novel triangular shape reflects the international image of road traffic signs. A practical range of first aid items packed in a nylon zippered bag which has several advantages: it is easy to stow away, it is dust proof and water resistant, and will not rattle. An internal plastic fitment keeps the contents secure and will also hold warm water for bathing wounds. There is also room to add personal requirements such as travel sickness pills, aspirin etc. All the dressings are British made and sterilized.

269 2875 RED OUR PRICE **£11.95**

269 2876 GREEN OUR PRICE **£11.95**

6 SAFETY ELASTICS

Safety Elastics have three important features that distinguish them from ordinary elastics. The first is the special non-scratch nylon hook with built in safety catch. The second is the fact that they are fully adjustable, therefore they are always the correct length for the job, and never over or under stretched. And finally the top quality elastic is nylon covered and stretches to twice its own length. These three features make them the ultimate choice for safe load securing.

20" Elastics **264 2877**	OUR PRICE **£1.99**
27" Elastics **264 2878**	OUR PRICE **£2.20**
32" Elastics **264 2879**	OUR PRICE **£2.50**
32" 6 Claw Spider Elastics **264 2880**	OUR PRICE **£2.75**
32" 8 Claw Spider Elastics **264 2881**	OUR PRICE **£3.95**

7 FLEXIBLE BUMP GUARDS

Flexible Bump Guards are a new style of door edge protector, designed to be flexible enough to fit most shapes of car door, front or rear. They will bend to almost any convex or concave curve. Manufactured to the highest standards from soft flexible PVC, they will enhance the looks of any car. The self-adhesive method of fixing is the same as that used by most current car manufacturers when attaching trim.

265 2882 Flexible Bump Guards (red pair)	OUR PRICE **£2.50**
265 2883 Flexible Bump Guards (black pair)	OUR PRICE **£2.50**
265 2884 Flexible Bump Guards (clear pair)	OUR PRICE **£2.50**

Bumper to Bumpercoat

FORMULA 40

1

2

FORMULA 40

1 BUMPERCOAT

For the first time an easy to use unique product to colour or recolour all hard plastics and fibre glass, resulting in a highly professional finish in minutes.

The Bumpercoat System is an inexpensive way to colour or recolour plastic bumpers, spoilers, grills, dash fascias, body trim, wing mirrors, wheel trims, wind deflectors, door handles, body kits, in fact all hard plastic trim found on the modern vehicle.

Bumpercoat is revolutionary in that it bonds chemically to the surface. By penetrating it leaves the surface pattern intact and cannot peel, flake or crack off and is chip resistant.

Bumpercoat is available in a wide range of colours compatible with motor manufacturers colours in aerosol form.

Please state colour required when ordering.

Colours:- Black, Light Grey, Dark Grey, Mid Grey, Bermuda Blue, Diamond White, Brown, Beige, Sunburst Red, Pageant Blue, Mexico Red, Rosso Red, Ivory White, Strato Silver.

270 2678 (250ml Aerosol)
OUR PRICE **£7.95**

NEW TEXTURED BUMPERCOAT

For retexturising scratched, marked or damaged bumpers and trim. Available aerosol form only.

Colour:- Black.

270 2679 (250ml Aerosol)
OUR PRICE **£8.95**

2 VINYL KOTE

An amazing product capable of actually changing the colour or recolouring all leather, vinyl and soft plastics and furnishings as found in vehicle interiors.

Simple to use, Vinylkote penetrates the surface creating a molecular bond. Due to this absorbtion Vinylkote achieves a superb, permanent finish from an aerosol. Can greatly enhance and improve the appearance of vehicle interiors. Available in a wide range of colours.

Please state colour required when ordering.

Colours:— White, Off White, Beige, Biscuit, Dark Beige, Jag Tan, Light Tan, Brown, Chocolate Brown, Dark Brown, Black, Red, Burgundy, Light Grey, Grey, Blue, Royal Blue, Navy Blue, Green, Purple, Yellow.

271 2680 (250ml Aerosol)
OUR PRICE **£7.95**

VINYLKLEEN

Specially formulated for cleaning leather and plastic surfaces.

272 2681 (250ml Bottle)
OUR PRICE **£2.98**

VINYLPREP

Formulated as a pre-wipe. Removing silicons and other contamination from plastic and leather surfaces.

272 2682 (250ml Can)
OUR PRICE **£3.98**

POLYPREP

A clear plastic primer for use on polypropylene type plastics. If in doubt use Polyprep.

272 2683 (250ml Aerosol)
OUR PRICE **£6.99**

NEW VINYLKOTE. HOT COLOURS

Vinylkote is now available in a range of fluorescent colours for colouring, seats, steering wheels, gear knobs etc. Yellow, Turquoise, Pink or Green.

271 2684 (250ml Aerosol)
OUR PRICE **£9.95**

1

1 RAIN-X — THE INVISIBLE WINDSCREEN WIPER

WHAT IS RAIN-X?

Rain-X is a clear, colourless liquid that has an amazing effect on glass and plastic (acrylic and polycarbonate). Like water off a duck's back... it repells rain, frost, snow, and dust. It seals, polishes and conditions against sun, sand, salt and pollutants and helps prevent insects, mud and grime from sticking — making cleaning a breeze.

WHY USE RAIN-X?

Built up road grime, dust, fumes and pollutants leave a haze on windscreens — severely reducing visibility. It's a thin haze that becomes blinding when it rains or becomes glary. Rain-X provides that extra dimension to driving visibility ... and when you see more clearly, you drive more safely.

IS RAIN-X ONLY FOR BAD WEATHER USE?

Rain-X has been tested on aeroplanes, cars, trucks, vans, four wheel drives, helmet visors and goggles for thousands of kilometres. The test proved Rain-X to be a truly ALL WEATHER formulation. Visibility was improved in all conditions — wet and dry. Virtually eliminates insects, highway residue, mud splatter and salt spray from all glass surfaces.

HOW DO YOU USE RAIN-X?

It's easy. You just wipe it on and ... wipe it off. Use it on windscreen, side and rear windows, headlights, tail lights, fog lights, helmet visors, goggles and side view mirrors.

Re-apply Rain-X about once a month, or every 2,500 miles to maintain peak performance. Don't worry about putting one application over the other, because there is no possibility of 'build-up'. You can only improve visibility with another application. You will also notice how much easier it is to clean your vehicle's glass surfaces.

1 HOT JET

Banish dirty, greasy, frozen windscreens and washer pipes with the Hot Jet.

- So easy to install.
- Cleans with hot water.
- Safer clearer vision.
- Works when other systems freeze.
- Clears grease, film, insects, mud.
- Ideal summer/winter.
- No moving parts to go wrong.

No matter what motor vehicle you drive a clear windscreen is a must, not only for your own safety but others. The fact that hot water cleans better than cold is only one of the many reasons for fitting the Hot Jet now. So simple to fit, all you need is a pair of scissors to snip the small plastic supply pipe to your washer jets and connect the Hot Jet. Its special red heat exchanger (see photo) is held to the upper radiator hose of any water cooled car with the universal clips supplied. As soon as your engine begins to warm the transferred heat is busy de-frosting the washer pipes and it can then de-ice your windscreen without the need for expensive de-icing chemicals thus saving you £££s. The Hot Jet will break down grease and grime and give you a clean clear windscreen in summer and winter. Complete universal kit with full instructions for any water cooled car.

291 1036 OUR PRICE **£9.95**

2

2 TWINS

Twin Windscreen Wipers.

- Unobtrusive aerodynamic design for efficiency and maximum screen contact.
- Greater pressure applied to windscreen at faster speeds.
- Special design moulds blades to shape of screen.
- First wiper sweeps away water, second blade clears traffic film.
- Universal fittings in every pack. Easy to fit to almost any car.
- Improved visibility in heavy rain/road spray conditions.
- Greatly reduced screen smearing.
- Available in black, white, red, blue, green and yellow to match your car.
- Supplied in pairs. 12", 14", 16", 17", 18", 19", 20", 22", 24".

SAT ADDITIVES

ENHANCED POWER AND PERFORMANCE

What makes additives so important today?

Not only are car engines becoming more and more sophisticated – today's car drivers are demanding improved performance, greater durability, lower fuel consumption and reduced environmental emissions.

The automobile industry has reacted to this trend by introducing "lean burn" engines and catalytic converters.

However, in everyday driving practice these new technical solutions necessitate improved-quality fuels and lubricants. SAT Additives are designed to enhance and optimize fuel and lubricant performance. In view of today's difficult running conditions these additives are more important than ever before ... for economical, safe and environmentally sound driving.

Each individual SAT Additive offers car drivers clear benefits in a specific field of application. All additives are manufactured in Germany and T.U.V. approved.

1 ENGINE OIL ADDITIVE
200ml: For 6 litres of engine oil.
297 2945 OUR PRICE **£6.95**

2 STOPS ENGINE OIL LOSS
200ml: For 3 litres of engine oil.

Size 2 for cars over 1600cc.
297 2959 OUR PRICE **£19.95**

15 BOSCH SPOILER WIPER BLADES
The new wiper blade in aerodynamic form from Bosch.
Bosch Spoiler – wind tunnel developed and tested.
Bosch Spoiler – clear vision even in the strongest of headwinds.
The aerodynamically shaped 'spoiler' is mounted on the wiper blade frame ensuring the best visibility possible even in the most extreme conditions.

As air currents and headwinds increase, the spoiler automatically increases the pressure of the blade on the windscreen, combined with the renowned Bosch Micro-Double Edge, the result is optimum down force at all speeds which means no lift-off, no flutter, and smear free clear vision, no matter how strong the headwind.
Available for ALFA-ROMEO, AUDI, BMW, FIAT, FORD, HONDA, LEYLAND, MAZDA, NISSAN, OPEL, PEUGEOT, PORSCHE, VAUXHALL, VOLKSWAGEN and VOLVO. Please state make, model and year of car when ordering.

173 2960 (each)
OUR PRICE **£11.50**

16 BOSCH 'TOP' WIPER BLADES
A wiper blade should remain in full contact with the windscreen at all times to ensure perfect vision and safety.
To meet these requirements Bosch, Europe's largest wiper blade manufacturer, designed a technically superior Wiper Blade. Instead of a single edge, Bosch blades have a unique micro double edge with a contact width of only 10/1000 mm. This design, subjected to 30 different tests, ensures that Bosch wiper blades work equally as well coping with a fine drizzle or a torrential downpour.

AZTEC

1

AZTEC

1 ELECTRICALLY AND MANUALLY OPERATED CAR BLINDS

Aztec is the first Venetian blind designed to fit your car. It adds a unique style to any vehicle and in a choice of 4 colours: Black, Silver, White and Red... there's one that's perfect for you. Aztec puts individuality right into your rear window and gives you unprecedented control of your car's interior environment at the flick of a switch.

Use Aztec to eliminate dazzle but still give clear rear vision. Ideal at night. Headlamps glaring through your back window can be distracting and potentially dangerous. Aztec lets you filter out dazzle in your eyes without blocking rear vision. Aztec unclips easily from its mountings for cleaning. Available in Black, Silver, White or Red.

Electrically Operated
255 2769 OUR PRICE **£64.50**

Manually Operated
255 2770 OUR PRICE **£39.50**

KAMEI

1

KAMEI BODYSTYLING

Kamei Spoilers are manufactured in Germany from DUROKAM, a high impact lightweight co-polymer material, specially developed by KAMEI.

The advantages are:

- Increased impact resistance.
- Dimensional stability.
- Exact fitting.
- Easy to paint.

The impact resistance and dimensional stability have been clearly demonstrated in extensive tests.

6 "EVOLUTION" VISOR
The "Evolution Visor" is the latest distinctive accessory available for your car. Manufactured in finest quality tinted perspex this item not only protects the rear passengers from the sun's rays, it also gives the impression, from the rear of the car, of lowering the roofline, therefore giving the car a more sporty appearance.

The benefits of the product have been recognised by Mercedes in their latest Evolution Mercedes 190, where a similar product is fitted as original equipment.

Easily fitted without drilling.
Tailor made for the vehicles listed above:-

WHEEL ARCHES
Wheel arch extensions manufactured from high impact resistant ABS plastic. Can be sprayed to colour match your car.

7 BL MINI (includes sill trim)
301 2852 OUR PRICE **£24.50**

FOUR HEADLAMP GRILLES

FITS PERFECTLY – EASILY AND QUICKLY MOUNTED

All Taifun four-headlamp grilles come complete with lamps, cable set and, where necessary, with relay and bulbs. Detailed illustrated fixing instructions are provided.

HEADLAMP LEVELLING

The easy-to-use 3-position headlamp leveller keeps the beam steady even when the car is heavily loaded. This stops oncoming drivers being dazzled.

SUPERB DIPPED AND MAIN-BEAM LIGHT FOR YOUR SAFETY

Taifun four-headlamp grilles come with the latest lighting technology for better vision, on both main and dipped beam.

YOU DECIDE THE COLOUR

The high-quality, black plastic grilles can be painted to match your car. Detailed painting instructions are provided.

3 Hole Pod
336 1035 OUR PRICE **£5.40**

OZ TECH

1 OZTECH HEADLIGHT PROTECTORS

These headlight protectors are attached to the original headlight assembly of the vehicle. On most models they are virtually thiefproof when the bonnet is closed. They offer the following features:-

- **PROTECTION**
  Headlight damage caused by stones and other road debris is a common occurrence usually resulting in the replacement of the headlamp lens and flasher lamp. It is also possible that the vehicle may be rendered illegal for use on the road.
  Our protectors are made from tough 3mm cast acrylic sheet.

- **STYLE**
  The contour of the headlight protector plus screenprinting accentuates the line of the vehicle. The product is designed to fit neatly over the headlight and blend into the aerodynamic appearance of today's modern vehicles.

- **EVOLUTION**
  The product evolved as a method of protecting headlights, as a result of the high cost of replacing damaged sealed beam headlight units. Our current headlight protector has come a long way from the early days and now provides an easy fitting method of attachment, adding style and rally appearance to the vehicle.

® AUTOMOTIVE PRODUCTS PADDY HOPKIRK

KAMEI ROOF STORAGE BOXES

KAMEI-BOXES can be used for transporting weights of up to 110lbs, or 50kg. Since they can be used throughout the year in rain, wind and snow, the KAMEI BOXES are an ideal addition to the limited space of a boot.

The aerodynamic style, tested in the wind tunnel, and the highly impact-proof lightweight DUROKAM® material developed by KAMEI ensure that no additional driving noises or appreciable extra fuel consumption are caused.

Two gas-pressure lifting devices, keep the lid wide open until everything is stored away and secured from movement by the use of fastening belts. The two safety locks are fitted with protective covers to keep them free of dirt and prevent them from freezing.

The KAMEI roof carry-all solves your space problem in the best aerodynamic form.

AUTOMAXI

1 AUTOMAXI UNIVERSAL ROOF BARS

The Automaxi bars are by far the closest thing to truly Universal Bars. They have a unique patented torsion system working through the whole length of the bars to ensure the strongest and safest fit for your car. Automaxi have built in the most complete carrying system there is. All universals come complete with ratchet torsion carry straps, moulded non-slip pads and tie down slip rings. This means you can safely carry windsurfer boards, skis, various loads etc, with no need for string or elastic bands. Two purpose made protector pads are included. These bars have been tested by European authorities and car manufacturers to the very highest standards. The centre bar section, of almost 2 square inches, has been tested to above 250 kgs load (refer to car manufacturers' figures for maximum roof loads permissible). All bars come complete with locks at either end of the bars, thus securing the bars and the load, and a spare set of keys.

SIGNAM

1 2 3 LIGHTGUARDS BY SMOOTHY – ADDED SECURITY AND STYLE

Smoothy Lightguards are moulded acrylic covers that not only protect your headlamps from damage – and the expense and inconvenience that follows – but actually improve the appearance of your car.

FOR THE COST-CONSCIOUS MOTORIST

Not only is the cost of replacing broken headlamps high but there are fitting charges and the inconvenience of being off the road too.

- Specially designed clips for lens security and easy removal for cleaning.
- High-strength acrylic foam self-adhesive pads for trouble-free fixing.
- Lenses contoured to suit individual models and manufactured from impact-modified high-grade acrylic supplied by Europe's leading manufacturer.
- Fixing clip ultrasonically welded to lens.

4 HI-LINE NUMBER PLATES

Finished in smooth perspex and available with your own name or message on the bottom of the plate for no extra charge (16 letters maximum).

Please state the registration number and message clearly when ordering. Complete with self-adhesive fixing pads.

344 1393
(pair) OUR PRICE **£19.95**

5 PERSPEX PLAIN TYPE NUMBER PLATES

Available with Red, Blue or Green Border and complete with CARNOISSEUR logo.

344 1394 (pair)
OUR PRICE **£15.95**

24 HOUR SERVICE

OUR POLICY

SATISFACTION GUARANTEED

We want you to be pleased with all goods bought from Carnoisseur. Your guarantee of satisfaction is that any item supplied by us that does not meet with your approval may be returned within fourteen days for either exchange or a full refund.

DESPATCH

Most orders are processed the day they are received and despatched within 48 hours. You will be notified if your order or part of your order is subject to unusual delay.

PRICES

In the past years most of our printed prices have been maintained for a full twelve months after publication of the Carnoisseur catalogue.

Occasionally, however, cost changes are inevitable due to inflation and exchange rate fluctuations on imported goods. We therefore reserve the right to change prices without notice.

ORDER QUERIES

Please first check for our comments on all documents enclosed with your order. A quick telephone call to (0582) 471700 will in most cases be the simplest and most efficient way of answering any queries that may arise from your order. Please have ready the sales invoice supplied with the goods and ask for the Customer Service Manager whose first responsibilities are to look after you.

BACK ORDER/CREDITS

We endeavour to hold good stocks of most listed items at all times. If for some reason we are unable to supply a particular item with your order we may
a) back order that item and send it on as soon as it is available or
b) if long delays are expected, cancel this part of your order and refund you or notify you that your account is in credit; you may choose to ask for a refund or use the credit as part payment for your next order.

VAT

All goods are priced including VAT at 17½%. If the rate of VAT changes, obviously our prices will change accordingly. Please remember our prices include VAT when comparing prices.

LET US KNOW

If any aspect of our service has not met with your approval, we are anxious to know about it. Write to Philip Hammond, Managing Director, and your letter will receive prompt personal attention.

YOU TOO CAN SHARE IN OUR SUCCESS BY OWNING A CARNOISSEUR SHOP

As part of our expansion programme we are currently offering the chance to become a Carnoisseur franchisee. This is a opportunity to:

- **RUN YOUR OWN SUCCESSFUL BUSINESS**
- **BE YOUR OWN BOSS**
- **CAPITALISE ON A BUSINESS OPPORTUNITY, UNIQUE TO CARNOISSEUR**
- **ENTER THE EXCITING MOTOR TRADE INDUSTRY**

We provide a comprehensive start up package, incorporating training and marketing assistance, and an ongoing support programme once established.

Please turn to pages 4 and 5 for more details
